ASSIGNMENT

WHEREAS, I, STEFAN BLANCKE, a citizen of Germany, residing at Unter den Eichen 5, Kelkheim, Germany 65779 (hereinafter "Assignor") have invented a new and original LOCKING PIN AND RELATED LOCKING ELEMENT, for which a utility patent application was filed in the United States Patent and Trademark Office on April 1, 2015 as U.S. Utility Application Serial No. 14/432,829 which claims the benefit of International (PCT) Application Serial No. PCT/EP2013/068306 filed October 4, 2012.

WHEREAS, FAIRCHILD FASTENERS EUROPE – CAMLOC GmbH, a corporation organized and existing under the laws of the State of Germany and having a place of business at Industriestraße 6, Kelkheim (Taunus), Germany 65779 (hereinafter "Assignee"), is desirous of acquiring Assignor's entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted thereon or therefrom.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and sets over to said Assignee the entire right, title and interest in and for the United States of America and all other countries in and to said invention and the aforesaid application, all original, non-provisional, divisional, continuation, continuation-in-part, substitute, reexamination or reissue applications and patents applied for or granted therefor or therefrom in the United States of America and all other countries, and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents on said applications and/or applications resulting therefrom to said Assignee herein as assignee of the entire interest therein; and the undersigned for him and his legal representatives, heirs and assigns do hereby agree and covenant, without further remuneration, to execute and deliver all original, non-provisional, divisional, continuation, continuation-in-part, reissue, reexamination and other applications for patent on said invention and all assignments thereof to said Assignee or its assigns, to communicate to said Assignee or its legal representatives all facts known to the undersigned regarding said invention, to testify in any interferences or other legal proceedings in which any of said applications or patents may become involved, to sign all lawful papers, make all rightful oaths and to do generally everything necessary to aid said Assignee, its successors, assigns and nominees in obtaining patent protection on said invention in all countries, the expenses incident to said applications to be borne and paid by said Assignee.
