ASSIGNMENT

WHEREAS I, the undersigned, have made a certain invention as set forth in an application for United States Letters Patent, entitled **SYSTEM AND METHOD FOR SYNCHRONIZATION FOR OFDMA TRANSMISSION**, filed on September 28, 2015, and identified by United States Patent Application No. 14/868,303, and I, the undersigned, authorize and request the practitioners of McDermott Will & Emery LLP to insert the filing date and application number of the application, when known;

AND WHEREAS, NEWRACOM, INC. (the "Entity"), a corporation of the State of Delaware and having an address of 9008 Research Drive, Irvine, California 92618 U.S.A., is desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States and foreign countries which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, I, the undersigned, do hereby sell, assign, transfer and set over unto the Entity, its legal representatives, successors, and assigns, the entire right, title and interest in and to said application and said invention as set forth in said application, including the right to claim priority, including any applications worldwide for said invention, and including any non-provisionals, continuations, continuations-in-part, divisions, reissues, re-examinations, inter partes reviews, post grant reviews, covered business methods, and extensions thereof, and in and to any and all patents of the United States and foreign countries which may be issued for said invention;

UPON SAID CONSIDERATIONS, I, the undersigned, hereby agree with said assignee that I, the undersigned, will not execute any writing or do any act whatsoever conflicting with these presents, and that I, the undersigned, will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect said assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, non-provisional, divisional, continuation, continuation-in-part, inter partes review, post grant review, covered business method, reexamined, reissued, and/or extended Letters Patent of the United States and/or of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of heirs, executors, administrators, assigns and legal representatives of said assignor and assignee;

AND I, the undersigned, request the Commissioner for Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to the Entity, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent and said invention covered thereby.
