ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I, Sebastien Servaire (referred to herein as the "ASSIGNOR"), hereby assign, transfer, set over, convey, and deliver, and agree to assign, transfer, set over, convey, and deliver to Diptyque S.A.S., a corporation having its offices and place of business at 34 Boulevard Saint Germain, Paris, France F-75005 (referred to herein as the "ASSIGNEE"), its successors and assigns, all of my right, title, and interest in, to, and under any and all design aspects of my invention, including any and all ornamental, visual and aesthetic design aspects of my invention, which is entitled

SCENT DIFFUSER REFILL

which is disclosed and/or claimed in the application for United States patent filed in the U.S. Patent and Trademark Office on August 30, 2013 as U.S. Patent Application No. 29/465,676; and which is disclosed and/or claimed in Chinese Application No. 201330049845.6 filed on March 1, 2013, Japanese Application No. 2013-004698 filed on March 5, 2013, and European Application No. 002196048-0001 filed on March 5, 2013; in, to, and under the said application and any and all design, continuation, continuation-in-part, continued prosecution, and divisional applications thereof; in, to, and under my exclusive right to make and prosecute any and all applications for patents, reissues, renewals, and extensions thereof; in, to, and under any and all patents and Convention and Treaty rights of all kinds, in the United States of America and all other countries throughout the world, for all such subject matter; in, to, and under the right to sue for present, past, and future infringement or misappropriation relating to any such subject matter, applications, patents, and/or technology; in, to, and under the right to enforce any rights and file any causes of action, in law and/or equity, relating to any such subject matter, applications, patents, and/or technology; and in, to, and under the right to all income, royalties, fees, damages, and payments now or hereafter due or payable in respect to any such subject matter, applications, patents, and/or technology. The right, title, and interest is to be held and enjoyed by ASSIGNEE and its successors and assigns as fully and exclusively as it would have been held and enjoyed by ASSIGNOR had this assignment not been made. I request the applicable official(s) having authority to issue patents and/or corresponding rights to issue same on the subject matter of the said invention to ASSIGNEE, its successors and assigns, and, if called upon by ASSIGNEE, its successors, assigns, or legal representatives, I agree to promptly sign any and all documents necessary to secure any and all such patents and/or rights and for issuance of same to ASSIGNEE or its successors and assigns.

This assignment is only intended to assign the ASSIGNOR's rights in the ornamental appearance of the above invention, including but not limited to any and all rights, title and interest associated with protections afforded by United States design patent applications, as well as similar protections afforded by any international treaties and/or jurisdictions outside of the United States including, but not limited, any and all protections for registered or unregistered designs, industrial designs, community designs or the like. This assignment is not intended to cover any functional or utility aspects of the invention. All rights associated with the functional and utility aspects of the invention are retained by the ASSIGNOR.

I confirm that I have not made any agreement in conflict with this Assignment. I further agree that I will provide information within my knowledge or belief, and do any and all other

relevant things that ASSIGNEE, its successors, assigns, or legal representatives deem necessary or desirable and request of me in connection with obtaining and/or maintaining any such patents and/or rights; in connection with any proceeding, controversy, and/or litigation pertaining to any such patents and/or rights; in order to perfect and/or enforce the ownership by ASSIGNEE, its successors and assigns, of the right, title, and interest conveyed by this Assignment; and/or in connection with this Assignment, without payment of consideration to me beyond that called for in my agreement with ASSIGNEE on the understanding, however, that ASSIGNEE will bear all reasonable expenses actually incurred for or in connection with such matters. This Assignment and the obligations assumed by me shall be binding on my heirs and personal representatives.
