Assignment of Patent Rights

WHEREAS, Jeffrey M. Seago, of 6 Cabras St., Santa Rita, GU 9915 (hereinafter "Assignor") is an inventor of the invention described and set forth in the United States Application identified below:

Title of Invention: Adjustable Iliac Connector

App. Ser. No: 14/856,467

Filing Date: September 16, 2015

WHEREAS, NuVasive, Inc., a corporation of the State of Delaware having a principal place of business at 7475 Lusk Boulevard, San Diego, California 92121 (hereafter "Assignee"), stands to receive all right, title, and interest in said patent application due in part to contractual obligations of the Assignor to the Assignee based on their prior business relationship and is desirous of obtaining this assignment of rights perfecting the acquisition of all right, title, and interest in and to the invention and application and any rights in any Letters Patent or Registrations which may be granted on the same.

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned and by these presents hereby does assign to Assignee all right, title and interest in and to the invention and application (including any and all foreign counterparts, such as foreign patent, utility model and industrial design applications) and any Letters Patent or Registrations which may hereinafter be granted on the same in the United States and all countries throughout the world, and to claim priority from the application as provided by the Paris Convention (collectively "Patent Rights"). These Patent Rights are to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as they would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent or Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, reexamination, prolongation or extension thereof.

Assignor further agrees that he will, at Assignee's expense: (a) cooperate with Assignee in the prosecution of the International Patent Application and US and foreign counterparts on the invention and any improvements; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee may lawfully request to obtain or maintain Letters Patent or Registrations for the invention and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

IN TESTIMONY WHEREOF, Assignor has signed his name and dated this Assignment below where indicated.

Jeffrey M. Seago
