ASSIGNMENT

This Assignment is made and entered into by and between David W. Harris, residing at 170 Kakahiaka Street, Kailua, Hawaii 96734 (hereinafter "INVENTOR") and ERGOCON SOLUTIONS, LLC, an Oregon limited liability company with an address of PO Box 91, Wilsonville, Oregon 97070 (hereinafter, "ERGOCON").

Whereas INVENTOR has a right, title and interest in and to certain inventions described in U.S. Patent Number 7,641,040 entitled TEXTILE SEPARATING APPARATUS, filed on December 19, 2007 as U.S. Patent Application Serial No. 12/004,318, which claims the benefit of U.S. Provisional Patent Application Number 60/876,925, filed on December 21, 2006 (the "PATENT");

Whereas ERGOCON desires to acquire INVENTOR'S entire right, title and interest in said PATENT and inventions, and to any United States and foreign patents based on or resulting from said PATENT; and

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

INVENTOR hereby sells, assigns, and transfers to ERGOCON, its successors and assigns, all of INVENTOR'S right, title and interest in said PATENT and said inventions described in said PATENT, any and all other patent applications for said invention in the United States and in all countries foreign to the United States, including, but not limited to, all provisional, non-provisional, continuation, divisional, renewal, substitute, PCT, and Convention applications, based in whole or in part upon said inventions or upon said applications, any and all patents and reissues, reexaminations, and extensions of patents granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications, and said patents.

ERGOCON and its successors and assigns are hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of ERGOCON or otherwise as ERGOCON or its successors and assigns, may deem advisable, under the International Convention or otherwise.

Assignment for U.S. Patent Number 7,641,040

The Commissioner of Patents of the United States of America and the empowered officials of all other governments being hereby authorized to issue or transfer all said patents to ERGOCON in accordance herewith.

This assignment is being made under covenant, not only that full power to make the same is had by the INVENTOR, but also that such assigned right is not encumbered by any grant, license, or other right heretofore given.

INVENTOR agrees that it will perform all acts reasonably serving to assure that said inventions, said applications, and said patents shall be held and enjoyed by ERGOCON and its successors and assigns as fully and entirely as the same could have been held and enjoyed by INVENTOR if this assignment had not been made, and particularly to execute and deliver to ERGOCON and its successors and assigns all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits in form and in substance which may be requested by ERGOCON, its successors and assigns, to furnish ERGOCON and its successors and assigns with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure, and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, said applications, and said patents. INVENTOR hereby irrevocably grants ERGOCON and its successors and assigns power of attorney to execute and deliver any such documents on INVENTOR'S behalf in its name and to do all other lawfully permitted acts to transfer said inventions, said applications, and said patents to ERGOCON and further the transfer, prosecution, issuance and maintenance of all said applications, and said patents, to the full extent permitted by law, if INVENTOR does not promptly cooperate with ERGOCON's request (without limiting the rights ERGOCON shall have in such circumstances by operation of law).

INVENTOR acknowledges and understands that it has the opportunity to consult with independent legal counsel prior to executing this Assignment.
