ASSIGNMENT OF PATENT APPLICATION

For good and valuable consideration, receipt of which is hereby expressly acknowledged, we, the undersigned inventors (each) have agreed and hereby agree to assign, sell and transfer and do hereby assign, sell and transfer unto

EyeNetra, Inc.

a corporation organized under the laws of the state of Delaware as Assignee, and its successors, assigns and legal representatives:

(a) the entire right, title and interest, for all countries, in and to all inventions and improvements relating to **Methods and Apparatus for Assessment of Refractive Condition** including all inventions and improvements described in an application for Letters Patent of the United States filed on **October 9, 2015**, as U.S. Application Serial No. **14783790** (the "Priority Application"),

(b) the entire right, title and interest, for all countries, in and to any and all patent applications for any of the foregoing inventions (including the Priority Application, any patent applications that claim priority to, or claim the benefit of the filing date of, the Priority Application, including PCT applications, applications in any PCT contracting state, national stage applications, regional stage applications, nonprovisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexamination applications, extensions and all other patent applications that have been or shall be filed on any of the foregoing inventions, including without limitation patent applications filed under U.S. law, the Patent Cooperation Treaty, Eurasian Patent Convention, European Patent Convention, the Protocol on Patents and Industrial Designs within the framework of the African Regional Intellectual Property Organization, the Agreement establishing the African Intellectual Property Organization, or any other international, regional or national patent treaty, protocol or statute), and all the rights, title, interest and privileges under any and all patents that may be granted therefor in any country or in any region or by any Patent Office or other authority, and any reissues, or reexaminations, or extensions of said patents; and

(c) the entire right, for all countries, to claim priority to, or claim the benefit of the filing date of, the Priority Application.

As used herein, the term "invention" includes improvements. As used herein, "including" means including without limitation. As used herein, "we" means the undersigned inventors.

We request that any and all patents for said inventions be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

We agree that, when requested, we will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

We authorize and empower the said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

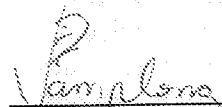

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose, including in proof of the right of the said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International convention which may henceforth be substituted for it.

We covenant with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

We hereby authorize Stephen Otis, attorney for Assignee, to insert the filing date and Serial number into this assignment, after the application for Letters Patent has been filed, and the U.S. Patent Office has assigned such application a Serial Number.

We are making this assignment, sale and transfer, and agreeing to this Assignment, in consideration of the Assignee's agreement to pay Ten Dollars (USD \$10) to each of us, respectively. We acknowledge the sufficiency of this consideration.

IN WITNESS WHEREOF, we have hereunto signed our names on the day and year set forth below.
