PATENT ASSIGNMENT

This assignment made on the date indicated below by Jack Khorsandi of Los Angeles, California (Assignor) to Grip-n-Ride, LLC having a place of business at 403 East Washington Blvd., Los Angeles, CA 90015 (Assignee);

WHEREAS, Assignor has invented new, original and ornamental embodiments of an invention entitled Stabilizing Belt (Inventions) for which a United States design patent application will be filed, further identified by Cislo & Thomas' Docket No. 15-30667 (Patent Application);

WHEREAS, Assignor believes himself to be the original inventor of an invention claimed in the Patent Application;

WHEREAS, the above-identified Patent Application was made or authorized to be made by Assignor; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment Assignor's entire right, title, and interest in and to the Inventions, and the Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest in and to the Inventions, and the Patent Application for the Inventions in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor, his legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing the Patent Application in the United States and throughout the world for the Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to the Inventions, and the Patent Application filed, and any patents granted for the Inventions in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any patent granted for the Inventions, whether on an application for the Inventions, the Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in the Inventions.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date set forth below.
