which document is found in an Indian patent application filed April 9, 2012, and assigned application number 1400/CHE/2012.

This assignment includes the foregoing patent application or patent; all legal equivalents thereof in any country and all patents issuing there from; all patents, utility models, and design registrations granted for any of said inventions and improvements throughout the world; and the right to claim priority based on the filing date of the foregoing patent application or patent under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes. ASSIGNOR hereby represents and covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this assignment.

ASSIGNOR further covenants for any heirs, legal representatives and assigns of ASSIGNOR to provide to ASSIGNEE promptly upon the request of ASSIGNEE all pertinent facts and documents relating to said invention and improvements and said patent applications, patents and legal equivalents as may be known and accessible to ASSIGNOR and to testify as to the same in any interference, litigation, or other proceeding relating thereto and promptly to execute and deliver to ASSIGNEE or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue or enforce any of said applications, said inventions and improvements and said patents and said equivalents thereof which may be necessary or desirable to carry out the purposes thereof.

ASSIGNOR requests that the United States Patent and Trademark Office issue any assigned patents of the United States and any reissue or extension thereof to the ASSIGNEE.
