ASSIGNMENT

WHEREAS, American Medical Systems, Inc., a corporation organized and existing under the laws of Delaware, owns all right, title and interest in and to the patents and/or patent applications set forth on the attached Schedule A; and

WHEREAS, AMS Research Corporation, a corporation organized and existing under the laws of the State of Delaware, and having its principal offices at 10700 Bren Road West, Minnetonka, MN, 55343, USA (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said patents and/or patent applications set forth on the attached Schedule A, and to any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration to me in hand paid by said AMS Research Corporation, the receipt of which is hereby acknowledged, American Medical Systems, Inc. has sold, assigned and transferred, and by these presents does hereby sell, assign and transfer unto the said Assignee, its successors and assigns, its entire right, title and interest in and to said patents and/or patent applications set forth on the attached Schedule A (including continuations, divisionals, continuations-in-part, reissues and reexaminations filed hereinafter) both foreign and domestic, that may or shall issue, including all of its rights under the Paris Convention, European Convention, Patent Cooperation Treaty and other international treaties, and American Medical Systems, Inc. does hereby authorize and request the Director of the United States Patents and Trademark Office to issue said Letters Patent to said Assignee in accordance herewith.

American Medical Systems, Inc. hereby authorizes said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of any of said United States applications set forth on the attached Schedule A, as applicable, and/or otherwise take advantage of the provisions of the Paris Convention, European Convention, Patent Cooperation Treaty and other international treaties.

Upon said consideration, American Medical Systems, Inc. does hereby covenant and agree with the said Assignee, its successors and assigns, that American Medical Systems, Inc. will not execute any writing or do any act whatsoever conflicting with these presents, and that it or its executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights, occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

IN WITNESS WHEREOF, American Medical Systems, Inc. has caused this assignment to be duly executed as of the date and the year set forth herein.
