DESIGNER ASSIGNMENT

I, David Lara Saucedo of 18 Arodene road, London, SW2 2BH, United Kingdom agree that

Michael Stuart Hazell
David Lara

should be named as the designers of the Design entitled "Optical element for assay device" as described in EP Design Application No 002258335-0001 and 002, Australia 353528, Canada 154455, China 201330634021.5, India 258876, Japan 2013-029648, South Korea 30-2013-0063979, US 29/476,965 and 29/476,963, which I have read and approved (see P1420-BOP2-004).

At the time of making the design I was employed or contracted by Cambridge Consultants Limited of Science Park, Milton Road, Cambridge CB4 0DW (hereinafter called "the Employer") and the design or part or parts thereof were made by me in the course of:

- a) my normal duties or duties specifically assigned to me, and the circumstances thereof were such that a design might reasonably have been expected to result from my carrying out those duties, or
- b) my duties and, because of the nature of those duties and my particular responsibilities arising from them, I had a special obligation to further the interests of the Employer,

and therefore, by virtue of the above or by the terms of my contract of employment with the Employer, the design belongs to the Employer for all purposes.

- 2. For the avoidance of doubt and in consideration of the sum of one pound (£1), paid by the Employer to me, the receipt of which I hereby acknowledge, I hereby assign to the Employer any right I may have to apply for and be granted a design for the said application in the United Kingdom and in any other country absolutely.
- 3. I agree that I will, at the expense of the Employer (if I am no longer employed by it at the time of the request), execute all such documents and do all such acts and things as may be requested by the Employer for the purposes of applying for and obtaining design right or similar protection in respect of the said design in any country in the world, in the name of the Employer or in such name as the Employer may direct, and of vesting the said design or similar protection when obtained in the Employer absolutely. I agree that any such request by the Employer that involves the execution of any document purporting to transfer or assign any rights in the design for the purpose of obtaining patent or similar protection in any country outside the United Kingdom will not constitute an acknowledgement by the Employer that any right in the design belongs to me.

4. By signing this document I irrevocably appoint the Employer to be my Attorney in my name and on my behalf so that the Employer can execute any document, take any action and generally use my name for the purpose of giving the Employer (or its nominee) the full benefit of the provisions of this Assignment. A certificate in writing signed by any director or secretary of the Employer that any document or act falls within the authority given by this clause shall be conclusive evidence in favour of any third party that such is the case.
