ASSIGNMENT

For value received, we Michael Bartlett a citizen of USA in the County of Dallas and the State of Texas and William R. Krenik a citizen of USA in the County of Dallas and the State of Texas and Yi-Zhong Wang a citizen of USA in the County of Collin and the State of Texas, hereby sell, assign and transfer to Vital Art & Science Incorporated, a corporation of TX, having an office at 2725 N. Spring Drive, Richardson, TX 75082, U.S.A., and its successors, assigns and legal representatives, the entire right, title and interest, in and to certain inventions related to "HANDHELD VISION TESTER AND CALIBRATION THEREOF" described in an application for Letters Patent of the United States, executed by us of even date herewith, and all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and we also concurrently hereby sell, assign and transfer to Vital Art & Science Incorporated the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

We authorize Vital Art & Science Incorporated to make application for such protection in its own name and maintain such protection in any and all foreign countries to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from us, any and all benefits, including the right of priority provided by any and all treaties, conventions or agreements.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Vital Art & Science Incorporated to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

We request that any and all patents for said inventions be issued to Vital Art & Science Incorporated in the United States and in all countries foreign to the United States, or to such nominees as Vital Art & Science Incorporated may designate.

We agree that, when requested, I shall, without charge to Vital Art & Science Incorporated but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
