ASSIGNMENT

KNOW ALL MEN BY THESE PRESENTS that I, Michael Scalzi of 3510 Concord Road, Doylestown, PA 18902 having invented a METHOD FOR TREATMENT OF GROUNDWATER AND SOILS USING DRIED ALGAE AND OTHER DRIED MIXTURES, for which an application for Letters Patent in the United States of America was filed on October 14, 2008 as US Patent Application Number 12/250,618 and issued on November 9, 2010 as US Patent Number 7,828,974 ("the '974 Patent").

I have for One Dollar in hand paid and other valuable considerations the receipt whereof is hereby acknowledged, sell, assign, transfer and set over, nunc pro tunc, unto INNOVATIVE ENVIRONMENTAL TECHNOLOGIES, INC., a Pennsylvania corporation, of Pipersville, Pennsylvania, its successors and assigns ("IET"), the entire right, title and interest in and to said invention as set out in the '974 Patent effective October 14, 2008 (filing date thereof) in any form or embodiment thereof, and including all patentable subject matter disclosed in the '974 Patent, and in and to any and all Letters Patent of the United States of America and foreign countries which may be obtained therefor, including reissues, renewals or patents issued upon divisional, continuing or substitute applications; and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue the Letters Patent of the United States of America for said invention to IET, as the owner of the entire right, title and interest therein.

AND I do hereby represent to and covenant with IET, that I am the original, first and joint inventors of the invention or inventions disclosed in and/or claimed by the '974 Patent; that at the time of making this assignment I am fully entitled to make the foregoing conveyance; that there are no outstanding grants, shop rights or encumbrances upon or affecting said invention, the '974 Patent or any additional Letters Patent which may be obtained therefor, other than the

rights of IET therein; that I will furnish to IET, all data, aid and information within our possession or control tending to facilitate the commercial production and exploitation of the invention hereinabove referred to in the best commercial forms thereof known to me; that I will, at the request of IET, give such testimony as I truthfully can, and furnish such data and aid as are within my possession or control tending to establish the originality and priority of my invention or inventions and vindicate the validity and infringement of the '974 Patent or any additional Letters Patent that may be obtained therefor, PROVIDED, HOWEVER, that the expense of taking such testimony and our necessary expenses in connection with the giving of the same be paid by IET, and I do further covenant and agree that I will execute all instruments presented by or on behalf of IET, by them deemed necessary or desirable for better protecting in the United States of America or in any foreign country the subject matter disclosed in the '794 Patent or perfecting title thereto in IET.

I agree that I will not, during the term of the '974 Patent or any additional Letters Patent that may be obtained or during the pendency of any additional applications for Letters Patent, make, use or sell items embodying said invention or in any way exploit said invention for my own behalf or for others, nor aid or abet others to do so, without first obtaining the written consent of IET.

I do hereby certify that no representations have been made to me or relied upon by me as an inducement for this assignment and agreement other than as is herein specifically set forth.

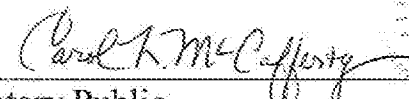

IN WITNESS WHEREOF, and intending to be legally bound hereby, I have hereunto set my hand and seal this 21st day of October, 2015.
