THIS ASSIGNMENT IS SUPPLEMENTAL to the Original Assignment (defined below) and made on 8th September 2014 by:

- (1) Alessio Ciulli of 4 Hyndford Street, DD2 1HP, Dundee, Scotland, UK; and
- (2) Inge Van Molle of Bissestraat 17 bus 14, 1070 Anderlecht, Belgium

(the "Inventors");

BACKGROUND

- (A) The Inventors assigned their entire rights to the Patent, as defined below, in the Original Assignment
- (B) The Original Assignment needs to be recorded formally in a written instrument for the purpose of prosecuting the Patents including without limitation in the United States Patent and Trademark Office.

1 Definitions

"Original Assignment" the assignment to CE of date 1st March 2012;
"Patent" "Patents" means the patent or patents for which application has been made together with the applications, all as set out in the Schedule, and together with the inventions disclosed therein and improvements made thereto and any patents granted in the UK or overseas pursuant to the applications or to any applications which derive priority from, have equivalent claims to or are based on such applications, including any continuations, continuations in part, extensions, reissues, divisions and supplementary protection certificates;

"CE" Cambridge Enterprise Limited (Company No 01069886)

2 Assignment

2.1 In consideration of CE entering into the obligations in the Original Assignment, the Inventors confirm the assignment to CE in the Original Assignment of all rights, title and interest they may have to:

- (a) Patents;
- (b) claim priority in respect of any and each application contemplated in this clause 2.1 when filing further applications, including divisional applications; and prosecute and obtain grant of patent or similar protection in or in respect of any country or territory in the world; and
- (c) take actions and proceedings as may be necessary and recover damages or otherwise in respect of any infringement of the rights assigned by this Deed in respect of any infringements which occurred before the date of this Deed.

2.2 CE may keep the Schedule updated to include all applications and grants within the scope of clause 2.1 as it may be necessary or desirable for patent prosecution.

3 US Patent Prosecution

3.1 The Inventors HEREBY REQUEST the US Commissioner of Patents and the relevant authorities in all countries of the world to issue any grants for the Patent, in the name of CE or its successors or assigns (either alone or jointly with any co-applicants).

- 3.2 Each inventor confirms and acknowledges that
- (a) that the application for the patents is or was made or authorised to be made by him or her;
 - (b) he or she believes they are the original inventor or a joint inventor with the other inventors;
 - (c) any wilful false statement in US patent prosecution is punishable under the United States Code by fine or imprisonment or both.

4 General

- 4.1 This Confirmatory Assignment is subject to English law and the jurisdiction of the English courts.
- 4.2 This Assignment may consist of a number of copies, each signed by one or more parties. If so, the signed copies are treated as making up the one and the date on which the last counterpart is executed will be the date of the Assignment.
