**CONFIRMATORY ASSIGNMENT**

In consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and pursuant to an assignment dated January 2015 between the inventors and The Governors of the University of Alberta, each Assignor named below hereby assigns and confirms that the Assignor has assigned to the Assignee named below, whose address is as shown below, all of the Assignor's interest for Canada, the United States and the entire world in the following listed patent applications and/or patents, the inventions described therein, any patent granted from the patent applications, and any patent or patent application claiming domestic or foreign priority from any one or more of the patent applications, including the right to claim priority from the patent applications under any national law or international convention [, and any corresponding industrial design application or registered design or design patent]:

**Title: BACTERIOPHAGE-BASED BIOSENSOR FOR MICROBIAL DETECTION**

**Canadian Patent Application No. 2,901,690 filed August 27, 2015**

**United States Patent Application No. 14/837,621 filed August 27, 2015**

Assignor will, without further consideration, but at the expense of Assignee, do all such things and execute all such documents as may be necessary or desirable to obtain and maintain patents for the inventions and for additions and modifications thereto in any country.

Assignor enters into this assignment freely, and consents to disclosure of all personal information contained herein to the extent required to prosecute, maintain and enforce the rights assigned.

This assignment is governed by the laws of Alberta, Canada.
