PATENT ASSIGNMENT

WHEREAS, CONTROLLER MEDIA INC., a Samoa corporation, having its registered office at Offshore Chambers, P.O. Box 217, Apia, Samoa (hereinafter "Assignor") is the sole and exclusive owner of the entire right, title and interest in and to a certain patent identified in Schedule A attached hereto, and in and to the inventions disclosed therein; and

WHEREAS, BOPIN (SHH) TECHNOLOGY CO., LTD, having its registered office at 8635, HeQu Street No. 118, BaoShan District, Shanghai, Peoples Republic of China (hereinafter "Assignee") is desirous of acquiring all right, title and interest in and to said patent identified in Schedule A hereto, and to the inventions disclosed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, be it known that Assignor has sold, conveyed, assigned and transferred, and does hereby sell, convey, assign, transfer and set over unto Assignee, the entire right, title and interest in and to: (i) the patent listed in Schedule A attached hereto and all the inventions claimed in such patents; (ii) any and all inventions and improvements that are disclosed in the patent listed in Schedule A, together with all pending applications and all provisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions thereof ((i) -- (ii) collectively, the "Patents").

Said sale, conveyance, assignment and transfer includes, without limitation, all rights to enforce, assert and sue for past, present and future infringement of the Patents, and all rights to recover and collect for past, present and future damages related to the Patents.

Assignor hereby authorizes and requests the competent authorities to grant and to issue any and all such Patents in the United States to the Assignee and the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor agrees, at any time, upon the request of the Assignee, to execute and to deliver to the Assignee any additional applications for patents for said inventions and discoveries, or any part or parts thereof, and any applications for patents of confirmation, registration and importation based on any of the Patents issuing on said inventions, discoveries, or applications and divisions, continuations, renewals, revivals, reissues, reexaminations and extensions thereof.

Assignor further agrees at any time to cooperate with Assignee, and to execute and to deliver upon request of the Assignee such additional documents, if any, as are necessary or desirable, in the prosecution of the Patents, and to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do such acts as are necessary to give full effect to and to perfect the rights of the Assignee under this Assignment, including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.
