	<i>Inventor</i>	Kim Manwaring et al.
	<i>Assignee</i>	Domain Surgical, Inc.
	<i>Serial Number</i>	12/647,340 et al.
	<i>Filing Date</i>	12/24/2009 et al.

NOW, THEREFORE, in consideration of the issuance to the Assignor of shares of stock of the Assignee as set forth in the related Contribution Agreement, dated July 30, 2010, by and between the Assignor and the Assignee, and for other good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged, the Assignor, by these presents, does hereby sell, assign, and transfer unto said Assignee, the full and exclusive right to the said inventions and in and to said applications and any and all provisional applications, non-provisional applications including all divisions and continuations, substitutes and reissues of said applications, including the right to claim priority to any of the same and the entire right, title, and interest in, to and under any and all Letters Patent of the United States and foreign countries that may issue or be granted on said inventions anywhere in the world.

The Assignor hereby authorizes the Assignee to apply for and receive any and all United States and foreign patents relating to such improvements in its own name.

The Assignor hereby authorizes and requests the issuing authority to issue any and all United States and foreign patents granted on such improvements to and in the name of the Assignee.

The Assignor warrants and covenants that no assignment, grant, mortgage, license or other agreement or encumbrance affecting the rights and property herein conveyed has been or will be made or entered into by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned.
