**INTELLECTUAL PROPERTY ASSIGNMENT AND ROYALTY AGREEMENT**

Assignment made by the contributors of subject Intellectual Property entitled:

Disclosure title: Direct Formation of Graphene-on-Boron-Nitride (GBN) on Oxidized Silicon and Other Substrates

to Kansas State University Research Foundation, a nonprofit corporation organized under the laws of the State of Kansas, located at 2005 Research Park Circle, Suite 105, Manhattan, Riley County, Kansas 66502-5020, herein referred to as RESEARCH FOUNDATION.

Contributors of subject Intellectual Property at Kansas State University include, but are not necessarily limited to, inventors of patentable and non-patentable materials and authors of other creative works.

RECITALS

- A. The contributors are or have been associated with Kansas State University, and the subject Intellectual Property originated from University time, facilities, interaction, or other involvement.
- B. Kansas State University directs the contributors to make such assignment as is required as employees of Kansas State University to RESEARCH FOUNDATION.
- C. This assignment is in accordance with the Kansas Board of Regents Intellectual Property Policy, approved November 19, 1998.
- D. The contributors have produced new and useful information as set forth in the Disclosure Statement of 03/13/2013.
- E. RESEARCH FOUNDATION desires to acquire the right to make, use, and sell the subject Intellectual Property and to acquire all right, title, and interest in letters patent of the United States and foreign countries and/or other forms of legal protection, such as copyrights and trademarks, that may be granted thereon.

In consideration of the mutual benefits to be derived hereunder, the parties agree as follows:

1. Disclaiming of Rights. Kansas State University, in exchange for the mutual consideration contained herein, disclaims its rights, title and interest in the Intellectual Property that is the subject of this Agreement.
2. Assignment. The contributors assign to RESEARCH FOUNDATION the right to make, the right to sell the subject Intellectual Property, and in any improvements on the subject Intellectual Property heretofore or hereafter made or acquired by the contributors; all right, title, and interest in any patents on the subject invention and its improvements that may be granted in the United States or any foreign country, in any applications for such patent, in each reissue or extension of the patent, and in any other form of legal protection, such as copyrights and trademarks, that may be granted thereon.

3. Cooperation. The contributors agree to cooperate with RESEARCH FOUNDATION such that RESEARCH FOUNDATION may enjoy to the fullest extent the rights conveyed hereunder. Included with the scope of this duty is cooperation in such proceedings involving the United States and foreign applications and patents, copyrights, and trademarks, as opposition, cancellation proceedings, priority contests, public use proceedings, court actions, and the like. The contributors also agree to provide and/or include such know-how as may be necessary for effective commercialization by a licensee.
4. Revenue. When any revenue is obtained by or on behalf of the institution from the development or assignment of any patent or from royalties, license fees or other revenue based on any patent or copyrightable software, not less than twenty-five (25) percent of the revenues shall be paid to the contributor(s) and ten (10) percent of the revenue shall be paid to the contributor(s)' department/administrative unit. This revenue sharing will begin only after any direct costs for equipment, materials and costs paid to third parties have been recouped.
