ASSIGNMENT

WHEREAS, Joseph Ganahl Jr (the "Assignor"), having a post office address of 68-751 Crozier Drive, Waiialua, Hawaii 96791, is the sole inventor of the invention(s) described in the following patent and patent applications:

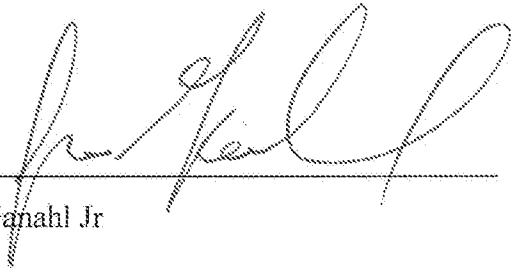

United States design patent entitled "WATERPOOF DIGITAL CAMERA," US Pat. No. D616,479, filed July 1, 2009;

United States provisional patent application entitled "WATERPROOF 2 WAY VIDEO BROADCAST DEVICE," US Pat. App. No. 61/974,541, filed April 3, 2014; and

WHEREAS, Industrial Revolution, Inc. (the "Assignee"), a Washington corporation, having a place of business at 5835 Segale Park Drive C, Tukwila, WA 98188, is desirous of acquiring the entire right, title and interest in and to said patent, and said applications and in and to any letters patent that may be granted for said applications in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of the recitals set forth above, which are incorporated herein by reference, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged; Assignor hereby sells, quit claims, assigns and transfers to Assignee, the entire right, title and interest, in and to said patent and said application, and the inventions covered thereby, and in any to any and all letters patent which may result from said application, said patent, or the application upon which said patent is based, in the United States and its territorial possessions and throughout the world, and in and to any and all divisions, reissues, continuations, utility models or other applications or intellectual property rights of any type based upon or claiming priority to, or the benefit of, said application, said patent, or the application upon which said patent is based, together with all rights of Assignor associated therewith, including the right, if any, to file additional U.S. and foreign applications for said inventions directly in the name of Assignee and to claim priority rights (if any) deriving from said applications by virtue of U.S. laws, international convention, treaty or otherwise, and to sue for and collect damages by reason of past infringement. Said patent, said application, and any and all letters patent which may be granted as a result of said application, or benefit from said application, and all other intellectual property rights based upon or claiming priority to, benefit of, said application are to be held and enjoyed by Assignee and its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment, transfer and sale not been made. Assignor hereby authorizes and requests the respective national, regional and international patent offices to issue to Assignee all letters patent which may be granted for inventions covered in said application or resulting from said application, or which may claim priority to, or the benefit of, said application. Assignor agrees to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent as referenced above, for litigation regarding said letters patent(s), or for the purpose of protecting title to said application and said patent, and all applications covering the invention(s) set forth therein.
