ASSIGNMENT OF PATENTS

This Assignment of Patents ("Assignment") is made this ___ day of January 2008 by and between BRISTOL-MYERS SQUIBB PHARMA COMPANY, a Delaware general partnership, having an address at Route 206 and Provinceline Road, Princeton, New Jersey 08540 ("Assignor"), and ACP LANTERN ACQUISITION, INC., a Delaware corporation having an address at a Delaware corporation having an address at c/o Avista Capital Holdings, LP, 65 East 55th Street, 18th Floor, New York, New York 10022, Attention: David Burgstahler ("Assignee").

WHEREAS, Assignor owns and uses in its business certain inventions under certain patents and patent applications, referred to in the Stock and Asset Purchase Agreement among Bristol-Myers Squibb Company, a Delaware corporation, ACP Lantern Holdings, Inc., a Delaware corporation, and Assignee dated as of December 16, 2007, as amended (the "Purchase Agreement") and including, without limitation, those listed on Schedule A attached hereto and made a part hereof (the "Patents"); and

WHEREAS, the Assignee desires to purchase the Patents from Assignor pursuant to the Purchase Agreement;

NOW, THEREFORE, in consideration of the sum of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignor sells, assigns, transfers and sets over unto Assignee its entire right, title and interest in and to Assignor's inventions under the Patents. Assignor agrees to execute all documents and assignments and to perform such other acts as Assignee may reasonably request to secure to it the rights hereby conveyed.
2. Assignor shall duly execute and deliver or cause to be executed and delivered all instruments of sale, conveyance, transfer and assignment, and notices, releases, acquittances and other documents and perform such further acts, as may be necessary to convey, transfer, assign and

deliver to, and consolidate, vest and record in Assignee, full ownership of the Patents and other rights conveyed herewith.

3. If any provision of this Assignment (or any portion thereof) or the application of any such provision (or any portion thereof) to any person or circumstance shall be held invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision hereof (or the remaining portion thereof) or the application of such provision to any other persons or circumstances. It is understood that any finding of invalidity of one assignment as effected hereby shall not affect the assignment of other assigned Patents.

4. All questions concerning the construction, validity and interpretation of this Assignment and the performance of the obligations imposed by this Assignment shall be governed by the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflict of laws.

5. This Assignment has been executed and delivered pursuant to the Purchase Agreement but shall not be deemed to modify or supersede the Purchase Agreement. To the extent there is any conflict or inconsistency between the terms and provisions of this Assignment and the Purchase Agreement, the terms and provisions of the Purchase Agreement will govern.

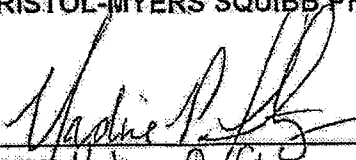

6. This Assignment shall be binding upon and inure to the benefit of each of the parties hereto and their respective successors and assigns.

7. This Assignment may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same agreement, it being understood that all parties need not execute the same counterpart.
