## RELEASE OF SECURITY INTEREST AND ASSIGNMENT

THIS RELEASE OF SECURITY INTEREST AND ASSIGNMENT (this "Release and Assignment") is given as of this 4th day of November, 2015 by Northstar Mezzanine Partners III L.P. (the "Secured Party") to CanGen Holdings, Inc. (the "Company").

### BACKGROUND

A. The Company and Secured Party entered into that certain Patent Security Agreement dated May 6, 2005, as amended (the "Patent Security Agreement"), pursuant to which Company granted and assigned to Secured Party a security interest in the Company's patents, patent registrations, patent applications and patent licenses as set forth on Exhibit A attached hereto (together, the "Patents").

B. The Company's obligations under the Patent Security Agreement, pursuant to which the security interests in the Patents were granted, have been fully satisfied and discharged, and the parties wish to evidence the release of the security interest in the Patents and assign all rights, title and interests in and to the Patents to the Company.

### RELEASE AND ASSIGNMENT

In consideration of the satisfaction and discharge in full of the obligations of the Company, the Secured Party by this Release and Assignment does hereby (1) fully release and discharge all liens, security interests, right, title and interest it may have in and to the Patents; (2) assign to the Company any and all such right, title, and interest it may have in and to the Patents; (3) agree that it shall execute all other documents and do all other acts necessary to relinquish and effect the release of such rights to the Company; and (4) authorize and request that the United States Patent and Trademark Office note and record the release hereby given and any other filings necessary to evidence the release and termination of the Secured Party's rights under the Patent Security Agreement. The Company is hereby authorized to file this Release and Assignment and any other instruments with the United States Patent and Trademark Office to evidence the same, and to remove the recordation of the Secured Party's security interest in the Patents.
