ASSIGNMENT OF PATENT

WHEREAS, Mark Sanders, obtained a Letters Patent of the United States of America for a ZIPPER COVER FOR A MATTRESS ENCLOSURE, for which U.S. Design Patent No. D673,414 issued January 1, 2013, and is therefore the sole owner of record of said patent and of all the rights thereunder; and

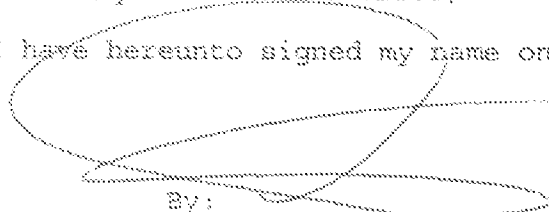

WHEREAS, Saferest LLC, a Florida corporation, with its principle place of business located at 12410 N.W. 39th Street, Coral Springs, Florida 33065, is desirous of acquiring the interest in and to U.S. Design Patent No. D673,414;

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, Mark Sanders has agreed to assign and transfer and does hereby assign and transfer unto Saferest LLC, for its own use and benefit, and for that of its successors and assigns, the entire right, title and interest in and to said U.S. Design Patent No. D673,414 and the invention therein, and in and to any divisional, continuation or continuation-in-part, of said U.S. Design Patent No. D673,414, and any reexamination, reissues, and extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by Mark Sanders had this assignment and transfer not been made,

including the right to sue for all past and future damages related thereto;

I do further agree for myself and for my heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by Safereest LLC, its successors, assigns, and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;
