ASSIGNMENT

This ASSIGNMENT is entered into by and between René Xavier Filho, of Fort Lauderdale, Florida, and Simone Rodrigues Oliveira Xavier, of Fort Lauderdale, Florida (the "Assignors"), and Sigma Enterprises, LLC, a Minnesota limited liability company (the "Assignee").

WHEREAS, I, Simone Rodrigues Oliveira Xavier, of Fort Lauderdale, Florida, and I, René Xavier Filho, of Fort Lauderdale, Florida have invented certain new and useful improvements as described in the patents and patent applications listed in the attached Schedule A, do convey, assign, transfer, and deliver to the Assignee all of the Assignor's right, title, and interest in and to the patents and patent applications listed in the attached Schedule A, including any U.S. and foreign patents and patent applications, reissues, reexaminations, renewals, divisionals, continuations, and continuations-in-part relating thereto;

WHEREAS, Sigma Enterprises, LLC, a limited liability company organized and existing under the laws of the State of Minnesota, and having offices at 121 5th Avenue NW, Suite 100, New Brighton Minnesota 55112 U.S.A. ("Assignee"), is desirous of acquiring the entire right, title and interest in and to the inventions, applications, and any and all Letters Patents or similar legal protection listed in the attached Schedule A, foreign or domestic, to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, I transfer to Assignee, its successors and assigns, my entire right, title, and interest in and to the patents and patent applications listed in the attached Schedule A and corresponding domestic applications (including provisional applications, non-provisional applications, divisionals, continuations, and continuations-in-part, reissues, reexaminations or extensions thereof), corresponding foreign applications, all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention; and I authorize the Commissioner of Patents and Trademarks of the United States or foreign equivalent thereof to issue the Letters Patent or similar legal protection to the Assignee.

If the application number and filing date of any patent application conveyed by this Assignment are unknown at the time of preparing the attached Schedule A, I authorize the Assignee, its successors and assigns, to insert the application number and filing date when ascertained. I authorize the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection for any interest conveyed by this Assignment, in its own name if desired, in any and all foreign countries.

I represent to the Assignee, its successors and assigns, that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. I, my executors or administrators, will at any time upon request, without additional consideration, but at the expense of the Assignee, its successors and assigns, execute such additional writings and do such additional acts as the Assignee, its successors and assigns, may deem desirable to perfect its enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing the Letters Patent or similar legal protection on the invention in any and all countries.

ASSIGNMENT

The laws of the State of Minnesota will govern the interpretation and enforcement of this Assignment. This Assignment may be executed in multiple counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument. The Parties authorize one another to detach and combine original signature pages and consolidate them into a single identical original, and any one of such completely executed counterparts will be sufficient proof of this Assignment. Any photographic, photocopy, or similar reproduction copy of this Assignment, or any PDF file of this Assignment, or any copy of this Assignment sent by facsimile transmission, in each case with all signatures reproduced one or more sets of signature pages, will be considered for all purposes as if it were a manually-executed counterpart of this assignment.
