Deed of Assignment of Patents

Date *June 8,* 2015

Parties

1. **Duncan Solutions, Inc.**, a California Corporation having an address at 633 West Wisconsin Avenue Suite 1600 Milwaukee, Wisconsin U.S.A. 53203 (**Assignor**)
2. **Duncan Parking Technologies, Inc.**, a Delaware Corporation having an address at 633 West Wisconsin Avenue Suite 1600 Milwaukee, Wisconsin U.S.A. 53203 (**Assignee**)

Background

- A. The Assignor is the applicant named in the patent applications identified in Schedule 1 of this deed (**Patent Applications**).
- B. The Assignor is the owner of the patents identified in Schedule 2 of this deed (**Patents**).
- C. The Assignor by this deed assigns to the Assignee its entire right, title and interest in and to the Patent Applications and the Patents.

Operative Provisions

1. Assignment of Patent Applications

With effect on and from the date of this deed, the Assignor assigns to the Assignee, absolutely with full title guarantee, all its right, title and interest in and to the Patent Applications, and in and to all and any inventions disclosed in the Patent Applications, including:

- (a) in respect of each and any invention disclosed in the Patent Applications, the right to file an application, claim priority from such application, and prosecute and obtain grant of patent or similar protection in or in respect of any country or territory in the world;
- (b) the right to extend to or register the Patent Application in or in respect of any country or territory in the world;
- (c) the absolute entitlement to any patents granted pursuant to the Patent Application; and
- (d) the right to bring, make, oppose, defend, appeal proceedings, claims or actions and obtain relief (and to retain any damages recovered) in respect of any cause of action arising from ownership of the Patent Application or any patents granted on the Patent Application, whether occurring before, on or after the date of this deed.

2. Assignment of Patents

With effect on and from the date of this deed, the Assignor assigns, transfers and sets over to the Assignee:

- (a) all right, title and interest in and to the Patents together with the associated goodwill;
- (b) any and all past, present and future rights, title and interest in the Patents; and

(c) all rights and immunities relating to, or arising, or to arise from any of the Patents, including all rights to sue for future and past infringement of the Patents and including any right to relief including but not limited to injunctive and monetary relief.

3. Consideration

Assignor hereby acknowledges the receipt and sufficiency of good and valuable consideration.

4. Authorities

The parties agree to execute all documents and do all acts necessary to record the assignment of the Patent Applications and the Patents on the relevant Registers of Patents and to enable the Assignee to become the registered proprietor of the Patent Application and the Patents. The Assignee is responsible for applying (at its cost) to have the assignment of each of the Patent Applications and Patents recorded on the relevant Registers of Patents.

5. General

5.1 Governing law and jurisdiction

This deed is governed by and must be construed in accordance with the laws of the State of Illinois. The Assignor and the Assignee submit to the non-exclusive jurisdiction of the courts of that State and the United States of America in respect of all matters or things arising out of this deed.

5.2 Counterparts

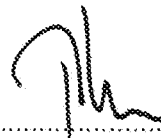

If this deed consists of a number of signed counterparts, each is an original and all of the counterparts together constitute the same document.

5.3 Costs

Each party must pay its own legal costs of and incidental to the preparation and completion of this deed.
