WHEREAS, Assignors have invented certain new and useful improvements set forth in the patents and patent applications (collectively "The Patents") listed in Schedule A; and

WHEREAS, EASTERN METAL SUPPLY, INC., a Florida corporation, with its principal offices located at 3600 23rd Avenue South, Lake Worth, Florida 33461 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to said inventions of The Patents, and in and to any Letters Patent of the United States to be obtained therefore and thereon.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in the above-mentioned inventions and The Patents, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of The Patents, and any and all Letters Patent in the United States and all foreign countries which may be granted therefrom and thereon, and reissues, reexaminations and extensions of The Patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which The Patents may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.
