Declaration and Assignment for Utility or Design Patent Application

Title of invention: **PLANT-BASED RECOMBINANT BUTYRYLCHOLINESTERASE PRODUCTION METHODS**

Application No.: 14/448,545

I. Declaration

As a below named inventor, we hereby declare that this declaration is directed to:

the attached application, or

United States application number 14/448,545 filed on July 31, 2014 and/or
PCT International application number PCT/US14/49387, filed on August 1, 2014.

As the below named inventor, I hereby declare that:

The above-identified application was made or authorized to be made by me.

I believe I am a joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

I. Assignment

FOR GOOD AND VALUABLE CONSIDERATION, the receipt of which is hereby acknowledged, the below named inventor (hereinafter called "ASSIGNOR") hereby assigns, transfers, and conveys ownership unto: **Kentucky BioProcessing, Inc.**, a corporation organized under the laws of North Carolina, with a correspondence address of 401 North Main Street, c/o Reynolds American Inc., Winston-Salem, North Carolina 27101 U.S.A., (hereinafter called "ASSIGNEE"), which shall include all successors and assigns, if any), the full and exclusive rights, title, and interest in and to the above-named invention (i) as described and/or claimed in Provisional Patent Application No. 61/885,492, filed in the United States Patent and Trademark Office on October 1, 2013, and/or Nonprovisional Patent Application No. 14/448,545, filed in

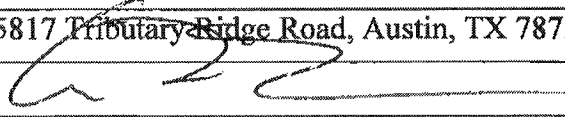

the United States Patent and Trademark Office on July 31, 2014, and/or PCT Application PCT/US14/49387; (ii) as described and/or claimed in any substitute, nonprovisional, continuation, continuation-in-part, and/or divisional application(s) based in whole or in part on the Applications, individually or collectively, or otherwise claiming priority to the Applications, and (iii) as described and/or claimed in any and all applications for Letters Patent of all foreign countries, together with all US and foreign Letters Patent issuing on, or based upon in whole or in part, any of the aforesaid applications for Letters Patent, the same to be held and enjoyed by Assignee, its successors, assigns or other legal representatives, to the full ends of the terms of all said Letters Patent therefor which may be granted and all rights and privileges under any Letters Patent that may be granted thereon. Herein, the assignment of full and exclusive rights, title, and interest includes the authority to make applications for and to receive Letters Patent or their equivalent for said invention in any of said countries in its own name, the right to claim any and all priority rights as may exist, including the right to claim any applicable International Convention priority, and the right to sue for past, present, and future infringement.

ASSIGNORS agree without charge to said ASSIGNEE but at its expense (a) to execute (i) all necessary papers to be used in connection with the Applications, as the ASSIGNEES may deem necessary or expedient, (ii) all papers in connection with any interference or other legal or quasi-legal proceedings relating to the above-identified applications or any additional, continuing, or divisional applications thereof; (b) to cooperate with ASSIGNEE in every way possible in obtaining testimony or other evidence and going forward in any such proceedings; and (c) to perform all other affirmative acts which may be necessary or desirable to obtain a grant of a valid patent for ASSIGNEE.

ASSIGNORS hereby covenant and warrant that each has full right to convey the entire right, title and interest by this instrument, free of any encumbrances and that no other agreement has been or will be executed in conflict herewith.

ASSIGNORS hereby grant the law firm of Wyatt, Tarrant & Combs, LLP, the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office or other patent office for recordation of this document, including serial numbers and filing dates.
