SELL, ASSIGN AND TRANSFER to Cloud V Enterprises ("CloudV"), a California corporation, the entire right, title and interest in and to all designs and inventions disclosed in the application for United States Letters Patent entitled "Vaporizer" filed on or about November 25, 2015, for which I am named as an inventor; such application and all divisional, continuing, substitute, renewal, reissue and all other applications which have been or shall be filed in the United States and all foreign countries on such inventions; and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such inventions or applications to CloudV;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by me, and that the full right to convey the same is possessed by me;

COVENANT, when requested and at the expense of CloudV, to carry out in good faith the intent and purpose of this assignment by: executing all divisional continuing, substitute, renewal, reissue, and all other patent applications on any and all such inventions; executing all rightful oaths, declarations, assignments, power of attorney and other papers; communicating to CloudV all facts known to the undersigned relating to the invention and the history thereof; and generally doing everything possible which CloudV shall consider desirable for vesting title and for securing, maintaining and enforcing proper patent protection for such inventions and improvements;

TO BE BINDING on my heirs, assigns, representatives and successors;
