ASSIGNMENT

Whereas We, John O'Mahony, Jonas Schaefer and Andrew Wenger, with residences and citizenships as indicated below; have been named as Inventors/Applicants in a provisional application for Letters Patent of the United States of America as follows:

EXTRACORPOREAL BLOOD TREATMENT DATA INTERFACE

Filed: December 31, 2012

Application No.: 61/747,833

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, if and to the extent that any or all of us has, by reason of making an invention described in said provisional patent application, an ownership interest in said provisional patent application, we have individually and jointly agreed to assign and transfer and do hereby assign and transfer unto Gambro UF Solutions, Inc. ("Company"), a corporation of Delaware, having its principal office at 7601 Northland Drive, Suite 170, Brooklyn Park, Minnesota 55428, its successors and assigns, the entire right, title, and interest in and to said invention and provisional patent application, and in and to any patent application claiming the benefit of said provisional patent application including a nonprovisional patent application and any division or continuation (in whole or in part) of said nonprovisional application, and in and to any and all improvements in said invention made by us or any of us or made jointly with others (provided any such improvement is made during, or within one year after the termination of, the employment by the Company of whichever of us, solely or jointly with one or more others, has made the same), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted on a nonprovisional patent claiming the benefit of said provisional application, or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by us or any of us had this assignment and transfer not been made;

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the Company, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of said applications, to Gambro UF Solutions, Inc. as the assignee of the entire right, title, and interest therein.

In witness whereof, we have hereunto signed our names on the days and years set forth below.
