<b>ASSIGNMENT</b>
-------------------

For good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned

**ASSIGNOR: Morgan T. Johnson**

hereby sells, assigns, and transfers to

**ASSIGNEE: Advanced Inquiry Systems, Inc.**

20520 NW Evergreen Parkway

Suite 100

Hillsboro, Oregon 97124

and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all foreign countries, in and to any and all inventions or improvements that are disclosed in the non-provisional application for patent, Appl. No. **11/810,950**, filed **06 June 2007**, and entitled:

**Methods And Apparatus For Full-Wafer Test and Burn-In Mechanism**

and in and to said application and all non-provisional patent applications, divisional applications, continuation applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions or improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said inventions or improvements; and in and to all rights of priority resulting from the filing of said United States applications;

agrees that said Assignee may apply for and receive a patent or patents for said invention or improvement in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all non-provisional patent applications, divisional applications, continuation applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said inventions or improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to said Assignee, its successors, assigns, and legal representatives all facts known to the undersigned relating to

said improvements and the history thereof; and generally assist Assignee, its successors, assigns, or legal representatives in securing and maintaining proper patent protection for said inventions or improvements and for vesting title to said inventions or improvements, in said Assignee, its successors, assigns, and legal representatives; and

covenants with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed, other than to Assignee, has been made.
