ASSIGNMENT AND AGREEMENT

Effective as of 2 October 2009, for value received and intending to be legally bound, we, the undersigned joint co-inventor (Assignors), confirm that we sold, assigned and transferred to ImmunoGen Inc. (Assignee), 830 Winter Street, Waltham, MA, 02451, United States of America, United States of America, and its successors, assigns and legal representatives, the entire right, title and interest in and to our invention and any improvements thereon for all countries of the world, relating in and to the application for Letters Patent therefor, assigned Attorney Docket No. FR2009/082, and entitled

ANTIBODIES THAT SPECIFICALLY BIND TO THE EPHA2 RECEPTOR

and for all patent applications which claim priority to or are derived from said priority applications:

European Priority Application Filing Date: 2 October 2009 /  
European Priority Application No.: 09 305 938.4

and all the rights and privileges, including any and all benefits under the International Convention for the Protection of Industrial Property, including the right to claim priority based on said European patent application, and under any and all Letters Patent which may be granted therefore, and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country or patent organization, including continuations, divisions, renewals, revivals, and any substitute applications of said European patent application, and any and all patents which may issue thereon, and any reissues, pipelines and extensions, and governmental exclusivity rights of the same.

We authorize and request competent authorities to grant and issue any and all patents on said invention to said assignee or its successor, assigns and legal representatives, or to such nominees as said assignee may designate.

We agree that, when requested, we will, without charge to said assignee but at its expense, sign all papers, take all rightful paths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said invention in any and all countries and for vesting title thereto in said assignee, its successors, assigns, legal representatives or nominees.

We covenant with said assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

Signed at Waltham, MA USA on this 3 day of December, 2010.
