## PATENT ASSIGNMENT

WHEREAS, Broadcast Interactive Media, LLC, a Delaware limited liability company ("Assignor"), owns all right, title, and interest in the patents set forth in **Exhibit A** attached hereto, and all inventions described and claimed therein (including all divisional, continuations, continuations-in-part, provisionals, reissues, renewals, reexaminations, extensions of such patents or interferences thereof) (collectively referred to as the "Assigned Patents");

WHEREAS, TitanTV Inc., a Wisconsin corporation ("Assignee"), has acquired certain of the assets of Assignor, including the Assigned Patents, pursuant to an Asset Purchase Agreement dated October 15, 2015, between Assignor and Assignee (the "Asset Purchase Agreement"); and

WHEREAS, in connection with such Asset Purchase Agreement, Assignee acquired all rights in and to the Assigned Patents and in and to any applications that have been or shall be filed in any foreign countries claiming priority thereto, and all patents or utility models of foreign countries that may be granted therefrom, along with the right to recover for damages and profits for past and future infringements thereof.

NOW, THEREFORE, for the good and valuable consideration set forth in the Asset Purchase Agreement, the sufficiency of which is hereby acknowledged, effective as of November \_\_, 2015, Assignor does hereby sell, assign, and transfer unto Assignee all right, title, and interest in and to the Assigned Patents, and in and to any applications that have been or shall be filed in any foreign countries claiming priority thereto, and all patents or utility models of foreign countries that may be granted therefrom, all proceeds therefrom together with any and all claims or causes of infringement thereof that may have accrued prior to and/or after the effective date of this Assignment, together with the right to bring suit for and/or initiate any proceeding to collect any and all damages arising from said claims or causes of action, to be held and enjoyed by the Assignee for its own use and benefit and for its successors and assigns as the same would have been held by Assignor had this assignment not been made.

The provisions of this Patent Assignment are subject, in all respects, to the terms and conditions of the Asset Purchase Agreement and all of the representations and warranties, covenants and agreements of Assignee and Assignor contained therein.

Assignee and Assignor hereby further undertake that they will execute such additional documents and take such further actions as may be reasonably required in order to confirm and further effectuation the sale and assignment of the Assigned Patents by Assignor to Assignee.
