PATENT ASSIGNMENT AGREEMENT

Whereas, William Lewis Emkey (the "Assignor"), an individual residing at 34 Heather Lane, Stow, Massachusetts 01775, is the owner of the entire right, title and interest in, and to (i) United States Letters Patent Application No. 62019469 entitled "Chemical-free Foam Control System," and of the invention therein described, (ii) the Chemical-Free De-foaming and De-Gassing System recorded under USDA iEdison Invention Report [EIR] Number: 05262011, (iii) US Non-Provisional Application No. 14/754,322 filed June 29, 2015, and claiming provisional priority in Provisional No. 62/019,469 filed July 1, 2015, and (iv) the counterpart Canadian Application (No. 2,895,996 filed June 30, 2015), which claims priority in both of the US Applications referenced above (i.e., the provisional and non-provisional) (collectively, the "Inventions"); and

Whereas, ChemFree Defoam LLC, a New Hampshire limited liability company (the "Company"), having a place of business at 34 Heather Lane, Stow, Massachusetts 01775, is desirous of obtaining the entire right, title and interest in, to and under such patent application, and the Inventions; and

Whereas, this Agreement is executed pursuant to the terms of that certain Intellectual Property Contribution and Assignment Agreement dated December 23, 2015.

Now, therefore, in consideration of the sum of \$1.00 to Assignor paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto Company, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the Inventions, including the right to sue for past infringement, and all patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which have already been and which may hereafter be filed for the Inventions in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the patent under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models,

inventors' certificates and designs which may be granted for the Inventions in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and

Assignor Hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents to issue the same to Company, its successors, legal representatives and assigns, in accordance with the terms of this instrument; and

Assignor Hereby covenants and agrees that it has the full right to convey the entire interest herein assigned, and that Assignor has not executed, and will not execute, any agreement in conflict herewith; and

Assignor Hereby further covenants and agrees that Assignor will communicate to Company, its successors and assigns, any material facts known to Assignor respecting the Inventions, and generally do everything possible to aid Company, its successors and assigns, to obtain and enforce proper protection for the Inventions in all countries.

IN WITNESS WHEREOF, the undersigned have hereunto set their hands and seals this 24th day of December, 2015.
