EMPLOYMENT, INVENTION, AND CONFIDENTIAL INFORMATION AGREEMENT

In consideration of my employment by Wyse Technology, Inc., or any of its affiliates (here in after referred to collectively as "Wyse") and the compensation I shall receive, I agree that:

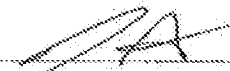

1. I will perform for Wyse such duties as may be designated by Wyse from time to time. I will, without further compensation or consideration, disclose promptly to Wyse any and all inventions, designs, improvements or discoveries, patentable or unpatentable, which during the term of my employment I may conceive, make, develop or work on, in whole or in part, solely or jointly with others whether or not during regular working hours, and which relate to actual or anticipated products, research, development, or business of Wyse or to my employment activities, or which result from me or are suggested by work done by me or for Wyse. I agree that all such inventions, improvements, designs, and discoveries together with all related rights (such as patents, trademarks, copyrights, and designs) will be the sole property of Wyse, its successors and assigns. If my job responsibilities include developing, installing or maintaining hardware or software or computer systems which employ the same, then I understand that as part of my responsibilities I am hired to invent, and that any software I may develop is developed as a work for hire. If my job responsibilities include developing, writing, or editing documentation, designs, advertising, or other works protected by copyright, then I understand and agree that any such writings, documentation, designs, advertising, or other works are made by me as work for hire.
2. I will assign and hereby do assign, without further compensation or consideration, any and all worldwide rights in and to such inventions, improvements, writings, designs and discoveries to Wyse, and will assist Wyse in every proper way, including the signing of any and all papers, applications for patents or copyrights and assignments to Wyse, the making and keeping of proper records, and the giving of evidence and testimony (all entirely at Wyse's expense), as may be necessary or desirable to perfect Wyse's ownership in, or to obtain for Wyse full rights and advantages of such inventions, improvements, and discoveries in all countries. I hereby assign to Wyse all copyrights, including renewal copyrights, for such software, related documentation, designs, or writings.
3. I understand that, notwithstanding the provisions of paragraphs 1 and 2 hereof, my obligation to assign or offer to assign my inventions to Wyse does not apply to an invention for which no equipment, supplies, facility, or trade secret information of Wyse was used and which was developed entirely on my own time, and (a) which does not relate (1) to the business of Wyse or (2) to the actual or demonstrably anticipated research or development of Wyse or (b) which does not result from any work performed by me for Wyse. I also understand that my obligations under this Agreement shall not apply to the inventions listed below, patented or unpatented, which I developed and owned prior to my employment by Wyse, (if none, write "NONE".)

REDACTED

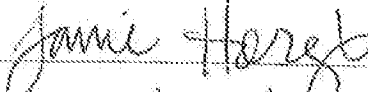

- 10. If any provision of this Agreement is held illegal in a judicial proceeding, such provision shall be severed from this Agreement and shall be inoperative; and the remainder of the Agreement shall remain binding on the parties hereto.
- 11. This Agreement supersedes all previous understandings, if any, between Wyse and me on the matters covered herein. No term or provision of this Agreement may be varied or modified by any prior or subsequent act either by me or Wyse except that Wyse and I may subsequently amend this Agreement by written instrument specifically referring to this Agreement and execute the amendment in the same manner as this Agreement. My agreements hereunder are made for the benefit of Wyse Technology, Inc. and its affiliates.
