PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT is made and entered into having an effective execution date of the 31st day of December, 2015, by HO DENTAL COMPANY, LLC, a Nevada limited liability company having its principal office at 4550 W. Oakey Blvd., Ste. T, Las Vegas, NV (hereinafter "Assignor"), to PRACTICON, Inc., a North Carolina corporation having its principal office at 1112 Sugg Parkway, Greenville, NC (hereinafter "Assignee").

WHEREAS, Assignor is the owner of the entire right, title, and interest in certain new and useful improvements concerning **Slidable Securing Device for a Mixer to Allow Communication Between a Mixer Housing and a Mixer Inlet Portion of the Mixer**, the inventions being described in and identified by the United States patent listed in the table below (the "Letters Patent"):

Patent No.	Title	Issue Date
U.S. 7,387,432	Slidable Securing Device for a Mixer to Allow Communication Between a Mixer Housing and a Mixer Inlet Portion of the Mixer	6/17/2008

AND, WHEREAS, Assignee desires to acquire Assignor's entire right, title, and interest in the Letters Patent, related applications, inventions, and improvements related thereto.

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor by these presents does hereby sell, assign, transfer and convey unto the Assignee, its successors and assigns, Assignor's entire right, title, and interest in and to the Letters Patent, related applications, and inventions related thereto, and in any improvements thereto previously or in the future made or acquired by Assignor, and to all rights of priority to the same pursuant to the International Convention for the Protection of Industrial Property, and in and to any and all patent applications filed on the inventions and any improvements thereto, and in and to any and all continuations, continuations-in-part, or divisions of any United States or foreign patent applications filed on the Letters Patent, related applications, inventions, and improvements related thereto, and in and to any and all Letters Patents of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patents may be granted, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully as the same would have been held and enjoyed by Assignor if this assignment had not been made, together with all claims for damages by reason of past infringement of the Letters Patent, with the right to sue for and collect the same for Assignee's own use, and for the use of Assignee's successors, assigns, or other legal representatives.

Assignor further warrants and represents that, at the time of the execution and delivery of these presents, Assignor possesses full title to, and the unencumbered right and authority to make this assignment of the above-mentioned Letters Patent, related applications, inventions, and improvements related thereto.

Assignor further covenants and agrees, and likewise binds its heirs, legal representatives, successors, and assigns, to promptly communicate to said Assignee or its representatives any facts known to it relating to said Letters Patent, related applications, inventions,

and improvements related thereto, to testify in any interference or legal proceedings involving said Letters Patent, related applications, inventions, and improvements related thereto, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors and assigns to secure patents or similar protection for said Letters Patent, related applications, inventions, and improvements related thereto in all countries and to vest in the Assignee complete title to the Letters Patent, related applications, inventions, and improvements related thereto without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives.
