THIS PATENT ASSIGNMENT (this “**Assignment**”) is made and entered into as of January 20, 2016 (the “**Effective Date**”) by Eric Goldreyer, a citizen of the United States residing in Austin, Texas; (hereinafter referred to as “**Assignor**”).

WHEREAS, Assignor has invented certain new and useful improvements in FLEXIBLE WATER SLIDE set forth in the application filed with the United States Patent and Trademark Office on January 20, 2016, Application No. 15/001,309.

WHEREAS, Super Sweet Air, Inc. d/b/a FunAir, a corporation organized under and pursuant to the laws of Texas having its principal place of business at 151 S. 1st Street, Suite 200, Austin, TX 78704 (hereinafter referred to as “**Assignee**”) is desirous of acquiring the entire right, title and interest in and to the Subject Matter and the Patents, and in and to any Letters Patent of the United States or reissues or extensions thereof to be obtained in the U.S. or any foreign country upon the invention or inventions described in the Patents, and any divisionals, continuations, continuations in part, foreign counterparts, and equivalents thereof, derived from the Patents, whether or not currently in existence.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged:

1. The Assignor has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the Subject Matter and the Patents, and Application for Letters Patent, and any and all Letters Patent in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, the same to be held and enjoyed by the Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and permitted assigns, to the full end of the term or terms for which any Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by the Assignor, had this sale and assignment not been made.

2. For the same consideration, the Assignor hereby represents and warrants to the Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to the Assignee under law or that have already been transferred to the Assignee, the Assignor is the sole and lawful owner of the entire right, title and interest in and to the Patents above-mentioned, and that the same is unencumbered and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

3. For the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives and assigns, that the Assignor will sign all papers and documents, take all lawful oaths and, at the expense of Assignee, do all acts reasonably necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and Applications for Letters Patent for the Patents, without charge to the Assignee, its successors, legal representatives and assigns, whenever counsel of the Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said inventions, or said application for Letters Patent, or any proceeding in connection with any Letters Patent or Applications for Letters Patent for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

4. The Assignor hereby requests the Commissioner of Patent and Trademarks to issue said Letters Patent of the United States to the Assignee, as the Assignee of the Patents and the Letters Patent to be issued thereon, for the sole use and benefit of the Assignee, its successors, legal representatives and permitted assigns.
