ASSIGNMENT

WHEREAS, I, Christoph Babel of Tuerkenfeld, Germany; hereinafter I or Assignor, have made a certain new, original and ornamental design as set forth in U. S. Patent Application No. 29/540,735, filed on September 28, 2015, entitled DISPLAY HOUSING FOR A LIFT TRUCK;

AND WHEREAS, Crown Gabelstapler GmbH & Co. KG, having a place of business at Philipp-Hauck-Strasse 12, 85622 Feldkirchen, Germany, hereinafter the Assignee, is desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States and foreign countries which may be obtained therefor;

AND WHEREAS when creating the Invention, the Assignor was at all times an employee of the Assignee, in a technical position in which such inventions are expected to arise; and by virtue of a contract of employment (hereinafter "the Agreement") between the Assignor and the Assignee, all intellectual property rights relating to and deriving from the Invention are deemed to belong to the Assignor;

NOW, THEREFORE, for good and valuable consideration (the receipt and sufficiency of which is hereby confirmed) and the terms of my employment with the Assignee, including those set out in the Agreement, I do hereby sell, assign, transfer and set over unto said Assignee, its legal representatives, successors, and assigns, any remaining right, title and interest in and to the Invention as set forth in the above mentioned application, and in and to any and all patents of the United States and foreign countries which may be issued for said invention, to the extent that any such right, title and interest was not automatically conveyed to the Assignee under German law and/or pursuant to the Agreement with the Assignee;

UPON SAID CONSIDERATIONS, I hereby agree that I will not execute any writing or do any act whatsoever conflicting with this Assignment, and that I will, at any time upon request,

without further or additional consideration but at the expense of said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect said Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, reexamined, reissued, or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of said Assignors and said Assignee;

AND I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent and the invention covered thereby.

IN WITNESS WHEREOF, I hereunto set my hand.

CHRISTOPH BABEL
