## ASSIGNMENT

WHEREAS, I, Alvin Dean Thompson, an individual, having an address of 3845 SE Hanway Road, St. Joseph, Missouri 64507 (the "Assignor"), am inventor and owner of certain inventions of and patent applications for the matters listed in the attached Schedule A to this Assignment (the "Patent Properties"); and

WHEREAS, DT Search & Designs LLC, having a business address of 1600 NE Coronado Drive, Blue Springs, MO 64014 (the "Assignee"), is desirous of acquiring an interest in, to, and under said inventions, all patent applications and any and all Letters Patent that may have been or may be granted for or upon said inventions in the United States of America and all countries foreign to the United States;

NOW, THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor, has sold, assigned, and transferred, and by these presents does sell, assign, and transfer unto said Assignee, his full and exclusive right, title, and interest, throughout the world, in, to, and under the following:

- (a) the Patent Properties identified in **Schedule A**;
- (b) the inventions as set forth and described in any of the Patent Properties identified in **Schedule A**;
- (c) the application(s) for the inventions, including the applications identified in **Schedule A**;
- (d) any and all provisionals and non-provisionals, refilings, divisions, and continuations and continuations-in-part of the applications(s);
- (e) any and all Letters Patent of the United States of America that may issue from the applications, refilings, divisions, continuations, and continuations-in-part, including the patents identified in **Schedule A**;
- (f) any and all reissues, reexaminations and extensions of the Patent Properties;
- (g) any and all applications for Letters Patent on said inventions and/or application(s) that have been or may be filed in any and all countries foreign to the United States

of America, together with the right to file and to claim priority in connection with said foreign-filed applications;

- (h) any and all refilings, divisions, and continuations of the foreign-filed applications;
- (i) any and all patents of countries foreign to the United States of America that may issue from the foreign-filed applications, refilings, divisions, and continuations and equivalent rights throughout the world;
- (j) any and all extensions of, and additions to, the patents of countries foreign to the United States of America;
- (k) the right to apply or continue prosecution for any of the above and to revive prosecution of an abandoned right for any of the above; and
- (l) all causes of action and enforcement rights for any of the above, including all rights to pursue damages, injunctive relief, equitable relief, and other remedies and all past, present and future damages to or for any of the above.

ALL of the above shall be held and enjoyed by Assignee for its own use and benefit, and for its successors, legal representatives, and assigns, to the full end of the term for which any Letters Patent may be granted, and I do hereby authorize and request the Commissioner for Patents or official of any country or countries foreign to the United States whose duty it is to issue patents or similar legal protection, to issue any Letters Patent, Certificates of Invention, or equivalent that may be granted upon any of the above in the name of Assignee.

I agree that, upon the request of Assignee, I will:

- (1) execute any and all divisional and renewal applications for the Patent Properties;
- (2) execute any supplemental oaths or declarations relating to the Patent Properties;
- (3) execute any applications for reissue or extension of any Letters Patent that have been or may be granted upon the application;
- (4) cooperate to the best of my ability in connection with any infringement action or administrative proceeding related to any of the above; and

(5) perform any and all affirmative acts to obtain Letters Patent and vest all right in such Letters Patent in Assignee.

Executed this 3rd day of December, 2014.
