ASSIGNMENT OF PATENT RIGHTS AND RELATED APPLICATIONS AND ISSUED PATENTS

WHEREAS,

MICHAEL H. GUSKY
3265 Meridian Parkway, Suite 114
Weston, FL 33331
U.S.A.

("Assignor"), has invented and/or co-invented, and/or owns or co-owns, certain intellectual property rights, including patent rights, in certain new and useful improvements and/or ornamental designs in a Nasal Interface Base ("Invention"), which is the subject of U.S. Design Patent Application No. 29/534,825 filed on July 31, 2015 under attorney docket number 825509-101 ("Application"); and

WHEREAS, inSleep Technologies, LLC, a limited liability company organized under the laws of Florida and having a principal place of business at 3265 Meridian Parkway, Suite No. 114, Weston, FL 33331, USA ("Assignee"), is desirous of acquiring the entire right, title and interest in and to the Invention and the Application, including the right to sue for damages for all past infringements occurring prior to the execution date of this Assignment, and in and to any patents that may be granted therefor in the United States and in any and all foreign countries that are based in whole or in part on the Invention and/or the Application.

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, convey and transfer unto Assignee the full and exclusive right to the Invention and the Application in the United States and its territorial possessions and in all foreign countries and the entire right, title and interest in and to any and all patents which may be granted

therefor or thereon in the United States and its territorial possessions and in any and all foreign countries that are based in whole or in part on the Invention and/or the Application and in and to all divisions, reissues, continuations, re-examination certificates and extensions of or for the Invention, the Application or any resulting patent.

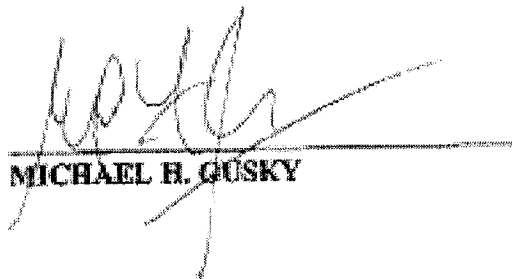

Assignor hereby authorizes and requests the United States Patent and Trademark Office and all counterpart patent offices in foreign countries to issue any and all patents resulting in whole or in part from the Invention and/or the Application, when granted, to Assignee as the assignee of the entire right title, and interest in and to the same, for the sole use and enjoyment of Assignee, its successors and assigns.

Further, Assignor agrees that he will communicate to Assignee or its representatives any facts known to him respecting the Invention or the Application, and testify in any legal proceedings, sign all lawful papers, execute all division, continuation, substitution, renewal and reissue applications, if any, execute all necessary assignment papers to cause any and all resulting patents to be issued to Assignee, make all rightful oaths and generally do everything necessary or desirable to aid Assignee, its successors and assigns, in obtaining and enforcing available protection for the Invention, the Application and any resulting patent in the United States and in all foreign countries.

Assignor authorizes any member of GrayRobinson, P.A. to insert or complete any information in this document needed to effect its recordal in the U.S. Patent and Trademark Office.

825509-101

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on NOV 19 2015.
