CONFIRMATORY ASSIGNMENT

WHEREAS, Shannon M. Rush (“Assignor”), did assign and transfer my entire right, title, and interest in and to the Patents and Patent Applications listed on the attached Patent Schedule (collectively, the “Patents”), and the inventions therein, to Raptor Surgical, LLC (“Assignee”) by way of assignments listed in the Patent Schedule;

Now, THEREFORE, for good and valuable consideration, the receipt of which is here acknowledged,

Assignor hereby confirms that the assignments were sales, assignments and transfers of my entire right, title, and interest in and to the respective Patents and the respective inventions therein. If and to the extent that I did not previously transfer all right, title and interest in and to the Patents and the inventions therein, *nunc pro tunc* at least as of the date of the assignments, I hereby assign, transfer and convey to Assignee, and to its successors and assigns, my entire right, title and interest in and to the Patents and to all inventions therein, in and to any and all letters patent, design patents, industrial design registrations, provisional applications, reissues, divisions, continuations, continuations-in-part, renewals, substitutes, patent disclosures and extensions of any patent or patent application, and in and to the right to file domestic patent applications (including all letters patent, design patents, industrial design registrations, provisional applications, reissues, divisions, continuations, continuations-in-part, renewals, substitutes, patent disclosures and extensions of any patent or patent application), under the laws of the United States and all other countries that claim the benefit of any of the foregoing applications, and to file foreign patent applications in the name of Assignee, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications, all said rights to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors and assigns to the full end of the term or terms for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by me if this assignment, transfer and sale had not been made.
