(i) **WHEREAS**, AIRDEX Corporation, a corporation organized under and pursuant
to the laws of the State of Nevada, having its principal place of business at **8975 South
Pecos, Suite 7A, Henderson, Nevada, 89074 U.S.A.** (hereinafter referred to as
Assignee), is desirous of acquiring the entire right, title and interest in and to said
PATENTS and PATENT APPLICATIONS listed above, and said improvements (any
ordinary, divisional, continuation, continuation-in-part and all relevant international
counterparts), and all international patents and patent applications, also listed above, that
the ASSIGNOR has or may have, and patent applications claiming priority therefrom,
including but not limited to all divisions, ordinary, continuations, continuations-in-part
thereof, and relevant international counterparts and all United States Letters Patents
which may be granted thereon and all reissues, reexaminations and extensions thereof,
and all priority rights under all available International Agreements, Treaties and
Conventions for the protection of intellectual property in its various forms in every
participating country, and all applications for patents (including related rights such as
utility-model registrations, inventor's certificates, and the like) heretofore or hereafter
filed for said improvements in any foreign countries, including but not limited to all
divisions, continuations and continuations-in-part thereof, and all patents, including but
not limited to, extensions, renewals, substitutes and reissues, granted for said
improvements in any foreign countries; and

(ii) any and all claims and demands that ASSIGNOR may have against any firm,
person or corporation relating to the PATENTS and PATENT APPLICATIONS

PATENT

including but not limited to, any claim of infringement or claim of provisional rights, whether heretofore or hereafter accrued, together with the right to retain for ASSIGNEE any and all sums that ASSIGNEE may obtain or recover as a result of the assertion or enforcement of any such claim or demand; and

(iii) ASSIGNOR hereby covenants that ASSIGNOR has full right to convey the entire interest, and that ASSIGNOR has not executed, and will not execute, any agreement in conflict herewith;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) in hand paid, and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these present do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned PATENTS AND PATENT APPLICATIONS, and in and to any and all patent applications claiming priority therefrom including, but not limited to, all direct and indirect divisions, and continuations and continuations-in-part of said United States patents which may be granted therefor and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under all available International Agreements, Treaties and Conventions for the protection of intellectual property in its various forms in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said inventions and improvements in any foreign country including, but not limited to, all divisions, continuations, continuations-in-part thereof, and further including, but not limited to, extensions, renewals, substitutes and reissues granted for said inventions and improvements in any foreign country, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which such Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made;

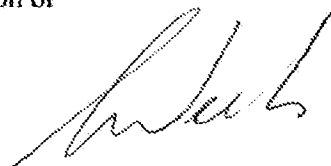

PATENT

AND for the same consideration, Assignor hereby sells, assigns, transfers and set over to Assignee, any and all claims and demands that Assignor may have against any person or entity relating to the right, title and interest in and to said inventions and improvements thereon, and said PATENTS and PATENT APPLICATIONS, of the United States, and of foreign jurisdictions, or other rights to be obtained therefor and thereon, including but not limited to, any claim of infringement of rights, including provisional rights, whether heretofore or hereafter accrued, together with the right to retain for Assignee any and all sums that Assignee may obtain or recover as a result of the assertion or enforcement of any such claim or demand;

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owner of the entire right, title and interest in and to the said PATENTS and PATENT APPLICATIONS of the United States and of any foreign jurisdiction to be obtained therefor and thereon, and that the same are unencumbered, and that Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

AND for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said inventions, or said application for Letters Patent, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said inventions including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or

PATENT

continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable;

AND for the same consideration, Assignor hereby authorizes and requests the United States Commissioner for Patents, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to Assignee, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

Acknowledgments follow on the next page.
