ASSIGNMENT OF PATENT APPLICATION BY INVENTOR

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, Chrysoula Kellogg of Traverse City, Michigan, do hereby assign, sell and transfer to Mello & Company, LLC, a Michigan domestic limited liability company organized and existing under the laws of the State of Michigan and having a registered office address at 4171 Foxcraft Drive, Traverse City, Michigan, 49684, hereinafter referred to as ASSIGNEE, and to its successors, assigns or other legal representatives, my entire right, title and interest, domestic and foreign, in and to: the inventions and discoveries in U.S. Patent Application No. 13/773,817 entitled "Teether" (Attorney Docket No. KEL-001-A, hereafter "above application"), filing date February 22, 2013; the above application, and any other patent applications based on the above inventions and discoveries, or based on the above application or deriving priority therefrom, including non-provisionals, continuations, continuations-in-part, divisions, renewals, substitutes or extensions thereof; any Patents to be obtained for said inventions and discoveries by the above application or by any such other patent applications, including reissued and re-examined Patents; and, the right to make applications and receive Patents (and their equivalents) for said inventions and discoveries in any country (including the U.S.) in its own name, or in my name, at its election.

I hereby also assign, sell and transfer to ASSIGNEE, its successors, assigns or other legal representatives, all rights of priority in and to said inventions and discoveries in any country and all rights to revenues associated with commercialization of said inventions and discoveries in any country during the pendency of the above application and of any such other patent applications, and during the term of any Patent(s) resulting from the above application or from any such other patent applications. This includes the right to sue third parties for patent infringement, including damages accruing from activities occurring before and after the execution date hereof.

I hereby agree for myself, and for my heirs, successors, assigns or other legal representatives, to execute any papers, including applications for Patents of all kinds in all countries, and to perform any acts which said ASSIGNEE, its successors, assigns or other legal representatives may reasonably deem necessary to secure thereto the rights herein assigned, sold and transferred.

I hereby represent and warrant that I have not granted or retained (and will not in the future grant) any rights inconsistent with the rights granted herein.
