## CONFIRMATORY ASSIGNMENT

David A. Weinzierl, residing at 2223 151<sup>st</sup> Lane NW, Andover, Minnesota 55304 (referred to as "Assignor") has made an invention(s) (the "Invention(s)") set forth in an application for patent of the United States, entitled APPARATUS AND METHODS FOR SELF-ADMINISTRATION OF VACCINES AND OTHER MEDICAMENTS, and which is a:

- (1)  provisional application  
 (a)  to be filed herewith; or  
 (b)  bearing Application No. , and filed on ;
- (2)  non-provisional application  
 (a)  to be filed herewith; or  
 (b)  bearing Application No. 12/615,636, and filed on November 10, 2009; and/or
- (3)  International patent application  
 (a)  to be filed herewith; or  
 (b)  bearing Application No. PCT/US2009/063983, and filed on November 11, 2009.

**WHEREAS, North Pole Engineering, Inc.**, a corporation duly organized under and pursuant to the laws of Minnesota, and having its principal place of business at 221 North First Street, Suite 310, Minneapolis, Minnesota 55401 (the "Assignee"), is desirous of acquiring the entire right, title, and interest in: the Invention(s); the application for patent identified in paragraphs (1) - (3); the right to file applications for patent of the United States or other countries on the Invention(s); any application(s) for patent of the United States or other countries claiming priority to these application(s); any provisional or other right to recover damages, including royalties, for prior infringements of these applications; and any patent(s) of the United States or other countries that may be granted therefor or thereon.

**WHEREAS**, the Assignor previously assigned, transferred, and/or set over to the Assignee the Assignor's entire right, title and interest in the subject matter and invention(s) disclosed in the application(s) for patent and/or patent(s) identified in Schedule A (the "Priority Applications"), to which the application for patents identified in paragraphs (1) - (3) claim priority, by the assignment agreement(s) identified in Schedule A (the "Priority Application Assignment Agreements").

**WHEREAS**, the entire right, title and interest in the subject matter and invention(s) disclosed in the Priority Applications was ultimately assigned to and is currently owned by Intelliject, Inc., a corporation duly organized under and pursuant to the laws of Delaware, and having its principal place of business at 111 Virginia Street, Suite 405, Richmond, Virginia 23219.

**NOW, THEREFORE**, for good and sufficient consideration, the receipt of which is hereby acknowledged, and to the extent that the Assignor has not done so already via any prior agreement(s) with the Assignee, which includes at least the Priority Application Assignment Agreements, or if the Assignor has already done so via said prior agreement(s) with the Assignee then in confirmation of any obligation to do so in said prior agreement(s), the Assignor has sold, assigned, transferred, and set

over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns, the Assignor's entire right, title, and interest in:

- (a) the Invention(s);
- (b) the application for patent identified in paragraphs (1) - (3);
- (c) the right to file applications for patent of the United States or other countries on the Invention(s), including all rights under the Hague Convention, the Paris Convention for the Protection of Industrial Property, and under the Patent Cooperation Treaty;
- (d) any application(s) for patent of the United States or other countries claiming the Invention(s);
- (e) any application(s) for patent of the United States or other countries claiming priority to the application for patent identified in paragraphs (1) - (3) or any application(s) for patent claiming the Invention(s), including any division(s), continuation(s), and continuation(s)-in-part;
- (f) any provisional or other right to recover damages, including royalties, for prior infringements of any application for patent identified in the preceding paragraphs (b)-(e); and
- (g) any patent(s) of the United States or other countries that may be granted for or on any application for patent identified in the preceding paragraphs (b) - (e), including any reissue(s) and extension(s) of said patent(s).

The above-granted rights, titles, and interests are to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made.

The Assignor hereby represents to the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, or if applicable, at such time said prior agreement(s) was executed, the Assignor is a lawful owner of the entire right, title, and interest in and to the Invention(s), that the Invention(s) are unencumbered, except, if applicable, by obligation to assign or assignment in accordance with said prior agreement(s), and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner set forth herein.

The Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that the Assignor will sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done in connection with any and all proceedings for the procurement, maintenance, enforcement and defense of the Invention(s), said applications, and said patents, including interference proceedings, without charge to the Assignee, its successors, legal representatives, and assigns, but at the cost and expense of the Assignee, its successors, legal representatives, and assigns.

The Assignor hereby authorizes and requests the attorneys of COOLEY GODWARD KRONISH LLP to insert in the spaces provided above the filing date, the application number, and the attorney docket number of the application identified in paragraphs (1) - (3) when known.
