PATENT ASSIGNMENT

WHEREAS, Kevin R. Schouweiler, Kent Williamson, Kristin Amsden and Steven D. Schmeichel, of the cities and states set forth below, have invented certain new and useful inventions and improvements (hereinafter "Inventions") described in United States patent application number 13/829,572, filed March 14, 2013, entitled "Filtration Media", PCT International Application No. PCT/FI2014/050193, filed March 14, 2014, and United States patent application number 14/774,903, all entitled "Filtration Media" (collectively, the "Applications");

WHEREAS, Kevin R. Schouweiler and Kent Williamson have been or are employees of Ahlstrom Corporation, a corporation organized and existing under the laws of the Finland, having a place of business at Salmisaarenaukio 1, P.O. Box 329, FIN-00101, Helsinki, Finland (hereinafter called "Assignee") and, by virtue of their employment with Assignee, have assigned all of their rights, title and interest in and to the Inventions and Applications to Assignee.

WHEREAS, Assignee is desirous of confirming its acquisition of the entire right, title and interest in and to the Inventions and Applications within the United States of America and its territorial possessions and all foreign countries, and in and to any United States or foreign LETTERS PATENT that may be granted therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Kevin R. Schouweiler and Kent Williamson ("Assignors") have assigned, sold and transferred, and do assign, sell and transfer to the Assignee, their successors and assigns, the entire right, title and interest in and to the Invention within the United States of America and its territorial possessions and all foreign countries, and in and to any LETTERS PATENT of the United States and foreign countries, including utility models, inventor's certificates and like government grants that may be granted for any and all portions thereof, and in and to the Applications identified above and applications for patent filed for the Invention in all foreign countries and all provisional, divisional, reissue, continuation, continuation-in-part applications and extensions of any of the applications for patent or LETTERS PATENT identified herein, including all applications claiming the priority of said applications for patent or LETTERS PATENT identified herein, and the right to apply for LETTERS PATENT in foreign countries with full benefit of such priorities as may now or hereafter be granted to the Assignor by local laws or by treaty, including any international convention, for the protection of industrial property, together with the right to extend the protection of the United States LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America. The Assignee holds and will hold all rights for their own use and benefit and for the use and benefit of its successors or assigns to the full end of the term for which the LETTERS PATENT may

be granted, as fully and entirely as the same would have been held and enjoyed by the Assignors if this assignment and sale had not been made. The Assignors request and authorize the Commissioner of the U.S. Patent and Trademark Office, and foreign counterpart officials of foreign patent offices, to issue respective LETTERS PATENT in the United States and foreign countries when granted, in accordance with this assignment.

Each Assignor further covenants and agrees with the Assignee that the Assignors have a full and unencumbered title to the Invention, which title the Assignors warrant to the Assignee. Each Assignor further agrees that each Assignor will, without demanding any further consideration therefor, at the request and expense of the Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, that may be or become necessary for obtaining, sustaining, extending, reissuing or reexamining United States and foreign LETTERS PATENT or the like for the Invention, and for maintaining and perfecting the Assignee's right to the Invention and LETTERS PATENT particularly in cases of interference conflict, opposition and litigation.
