ASSIGNMENT

WHEREAS, CARRIE E. PERLMAN, a citizen of the United States of America, residing at 140 W 23rd Street, Apt. 4A, New York, New York 10011 (hereinafter "Assignor") has invented a new and original REDUCING VENTILATOR-INDUCED LUNG INJURY, for which U.S. Patent Application Serial No. 13/650,759 was filed on October 12, 2012; and for which U.S. Provisional Patent Application Serial No. 61/547,133 was filed on October 14, 2011, and

WHEREAS, THE TRUSTEES OF THE STEVENS INSTITUTE OF TECHNOLOGY, a not-for-profit corporation and education institution having a place of business at Castle Point on Hudson, Hoboken, New Jersey 07030 (hereinafter "Assignee"), is desirous of acquiring all of Assignor's right, title and interest in and to said invention, said applications and any Letters Patent that may be granted thereon or therefrom.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and sets over to said Assignee her entire right, title and interest in and for the United States of America and all other countries in and to said invention and the aforesaid applications, all original, non-provisional, divisional, continuation, continuation-in-part, substitute, reissue or reexamination applications and patents applied for or granted therefor or therefrom in the United States of America and all other countries, including any and all priority rights relating to the aforesaid application, and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents on said applications and/or applications resulting therefrom to said Assignee herein as assignee of the entire interest therein; and the undersigned for them and their legal representatives, heirs and assigns does hereby agree and covenant, without further remuneration, to execute and deliver all original, non-provisional, divisional, continuation, continuation-in-part, substitute, reissue, reexamination and other applications for patent on said invention and all assignments thereof to said Assignee or its assigns, to communicate to said Assignee or its legal representatives all facts known to the undersigned respecting said invention, to testify in any interferences or other legal proceedings in which any of said applications or patents may become involved, to sign all lawful papers, make all rightful oaths and to do generally everything necessary to aid said Assignee, its successors, assigns and nominees in obtaining patent protection on said invention in all countries, the expenses incident to said applications to be borne and paid by said Assignee.
