## Patent Assignment Agreement

between

LAP GmbH Laser Applikationen  
Zeppelinstraße 23

Germany

- hereinafter referred to as "Assignor" -

and

Mr. Tim Thurn  
Långhacksvägen 1  
74593 Svinneå  
Sweden

- hereinafter referred to as "Assignee" -

1. Assignee is one employee inventor of European Patent no. 2292300 "Device and method for depicting a geometric figure on the surface of a patient's body" which has been validated in Germany, Spain, France, Great Britain, Italy, Netherlands and Sweden and of US Patent no. 8,130,384 "Apparatus and method for the representation of an area on the surface of a patient's body".

Assignor is the former employer of Assignee and is owner of said patents and intends to abandon the patents.

2. Assignor herewith assigns said patents in full and with all right, title and interest to Assignee and agrees that the assignment is recorded in the official registers.

The Assignor however retains a non-exclusive license to use the patents for a reasonable royalty fee.

Handwritten signature or initials in black ink, consisting of several loops and a vertical stroke.

The costs for the assignment and recording of the patent will be born by the Assignee. The Assignee will also pay all fees and costs for the maintenance of the patents after the execution of this agreement.

The Assignor will submit to the Assignee all documents which are required to uphold the patents.

3. The Assignee agrees with the assignment and with the non-exclusive license.
4. The Assignor declares that legal defects in the patent and technical defects in the invention are not known to him. A liability for freedom of defects, particularly dependency of the invention is not undertaken. All rights of warranty or rescission by the Assignee are excluded.
5. The agreement shall be governed by and construed in accordance with German law.
6. All disputes, controversies or differences which may arise between the Assignee and Assignor, out of or in relation to or in connection with the agreement or any breach thereof, shall be settled by the competent court in Hamburg, Germany.
7. Should any provision of this agreement be or become invalid or unenforceable or should the contract contain an omission, the remaining provisions shall remain valid. In the place of the invalid provision, a valid provision is presumed to be agreed upon by the parties which comes economically closest to the one actually agreed upon; the same shall apply in the case of an omission.
