ASSIGNMENT

WHEREAS, François Paponneau, hereinafter called the "Assignor", made the invention described in FR Application No. 12 55 954 filed June 22, 2012; PCT Application No. PCT/FR2013/050997 filed May 3, 2013; and United States patent application Titled System For Effecting The Rotational Movement of a Solar Tracker and Solar Tracking Device Comprising Such a System, filed on December 17, 2014 and assigned Application No. 14/408,802;

Whereas, Exosun, a corporation organized and existing under the laws of France having a place of business at Technopole Montesquieu, 8, allée Pierre Gilles de Gennes, 33650 Martillac, France, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention and the patent applications identified above, and all patents which may be obtained for said invention, as set forth below;

NOW, THEREFORE, in consideration of valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is hereby acknowledged, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in and to the invention and the patent application identified above, and any patents that may issue for the invention in the United States; together with the entire right, title and interest in and to the invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents. The Assignor hereby sells, assigns, and transfers the entire right, title and interest to the Assignee as of the day of filing the application identified above.

The Assignor hereby covenants and agrees, for both the Assignor and the Assignor's legal representatives, that the Assignor will assist the Assignee in the prosecution of the patent
