ASSIGNMENT (6906)

For good and valuable consideration, receipt of which is hereby acknowledged, Thomas George Schlosser do hereby sell, assign and transfer unto Parafluidics LLC having its principal place of business at 318 17<sup>th</sup> Street South, Seattle, WA 98144, USA, (hereinafter called the "Assignee"), its successors and assigns, the entire world-wide title, interest and right, including the right of priority controlled by us, in, to and under Letters Patent of the United States, the patent application, docket number 6906, entitled "CHANNELING FLUIDIC WAVEGUIDE SURFACES AND TUBES", which bears application serial number 14/636,150, filed on March 2, 2015, and the invention and any of them therein set forth and described, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefore based on the original application for said U. S. Letters Patent, and all divisions, reissues, substitutions, continuations, and extensions thereof which may be granted relating thereto in any country; **and**

For the above consideration we agree promptly upon request of the Assignee, its successors or assigns, to execute and deliver without further compensation, divisional or reissue, or other papers which may be necessary or desirable fully to secure to the Assignee, its successors and assigns, the inventions and any of them, described in said application and all patent rights therein, in the United States and in any country foreign thereto, and to cooperate and assist in the prosecution of appeal and interface proceedings involving said inventions and in the adjudication or re-examination of said Letters Patent provided the expenses which may be incurred by us in lending such cooperation and assistance be paid by the Assignee.

For the additional consideration of one dollar (\$1), receipt of which is hereby acknowledged, I do hereby sell, assign and transfer unto Parafluidics LLC any residual rights, including all moral rights, related to the patent application, docket number 6906, entitled "CHANNELING WAVEGUIDE SURFACES AND TUBES" which bears application serial number 14/636,150, filed on March 2, 2015, the invention and any of them therein set forth and described, and any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon or therefore based on the original application for said U. S. Letters Patent, and all divisions, reissues, substitutions, continuations, and extensions thereof which may be granted relating thereto in any country.
