CONFIRMATORY ASSIGNMENT

WHEREAS, I, **Allan Bradley, E-Chiang Lee, Qi Liang, Hui Liu, Andrew Wood and Vivian Wong** have invented a certain improvement in **Expression Vector Production & High-Throughput Cell Screening** described in an application for Patent,

- ☒ which is about to be filed as a PCT ^{**} (and which designates the United States of America, having Kymab's reference K00015-1 WO) and as a Taiwanese patent application (having Kymab's reference K00015-1 TW), in due time before the Paris Convention deadline of 19th September 2014, and claiming priority from

GB1316644.2, filed 19th September 2013.

WHEREAS, **Kymab Limited** (hereinafter "ASSIGNEE"), a corporation organised and existing under the laws of England, and having a usual place of business at **Meditrina (B260), Babraham Research Campus, Cambridge, CB22 3AT, United Kingdom** has acquired and hereby does acquire an interest therein in accordance with agreements duly entered into with us;

^{*}The Bennet Building (B930)

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of and sufficiency of which is hereby acknowledged, we have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, our entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to said invention as described in said application, including the right of priority and including any and all further applications (including, without limitation, substitution, reissue, divisional, reissue, re-examination and continuation applications, extensions thereof and supplementary protection certificates), together with our entire right, title and interest in and to said applications, extensions and certificates and such Letters Patent as may issue on said invention; said invention, applications, extensions, certificates and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent, extensions and certificates may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent, extensions or certificates. We hereby acknowledge that this assignment, being of our entire right, title and interest in and to said invention, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent, extensions and certificates by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all such Letters Patent, extensions and certificates to ASSIGNEE for its own name as assignee of the entire right, title and interest therein; we hereby expressly authorise the filing of any patent application under the Patent Cooperation Treaty, European Patent

Convention or any other national or regional patent law or treaty, which corresponds to and claims the priority of the above-identified application;

UPON SAID CONSIDERATIONS, We hereby agree with the said ASSIGNEE that We will not execute any writing or do any act whatsoever conflicting with these presents. AND, we hereby further agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention to said ASSIGNEE, its successors, assigns and legal representatives, for no additional consideration but at its or their expense and charges, including the execution of applications for patents in foreign countries, and the execution of any further applications including substitution, reissue, divisional, reissue, re-examination or continuation applications or extensions thereof or supplementary protection certificates, and preliminary or other statements and the giving of all necessary assistance and testimony in any interference or other proceedings or transactions in which said invention or any application or patent directed thereto may be involved;

AND, we do hereby authorize and request each Patent Office and the Commissioner of Patents of the United States or other authority to issue such Letters Patent, extensions and certificates as shall be granted upon said invention to ASSIGNEE, its successors, assigns and legal representatives;

AND, We hereby grant ASSIGNEE, its legal representatives, successors and assigns the power to insert on this instrument any further identification that may be necessary or desirable to comply with the recordation rules of any appropriate and competent authority, including, without limitation, the United States Patent and Trademark Office;

AND, We hereby agree that this Assignment may be executed in two or more counterparts each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
