TITLE: SYSTEM CONTROL FOR TANK RECOVERY

ATTY DOCKET NO: 0018990.0000001

ASSIGNMENT

IN CONSIDERATION OF good and valuable consideration, receipt of which is hereby acknowledged, we, Scott Gilman Humphrey of Powder Springs, GA; and Jason William Siler of Sharpsburg, GA, do hereby sell, transfer, set over and assign unto Rinnai America Corporation, organized and existing under the laws of Georgia with a principal place of business at 103 International Drive, Peachtree City, GA 30269, its successors, assigns, nominees, or other legal representatives, all of our entire right, title and interest in and to the improvements in

SYSTEM CONTROL FOR TANK RECOVERY

invented by us and the application for United States patent filed in the United States Patent and Trademark Office herewith, under Application No. herewith and all original and reissued patents granted therefore, and all divisions and continuations thereof, including the subject matter of any and all claims which may be obtained in every such patent, and the right to apply for and obtain patents in countries foreign to the United States, and in and to any Letters Patent which may be granted thereon in such foreign countries, and authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to successors, assigns, nominees or other legal representatives, as assignee and owner of the said entire interest and covenant, that we assigned and that we have not executed and will not execute any agreement in conflict herewith, and agree that we will communicate to said assignee, its successors, assigns, nominees or other legal representatives, all facts known to us respecting said invention whenever requested, and testify in any legal proceedings, sign all lawful papers, execute and deliver all divisional, continuing or reissue applications, make all rightful oaths and do all lawful acts requisite for the application for such divisional, continuing or reissue application, or the procuring thereof, and that if and when said assignee, its successors, assigns, nominees or other legal representatives desire to file a disclaimer relating thereto, we will, upon request, sign and deliver all lawful papers requisite for the filing of such a disclaimer, and we further covenant and agree that we will, at any time upon request, do everything legally possible to aid said assignee,

its successors, assigns, nominees or other legal representatives, either in its own or our own name, to apply for, obtain and enforce proper patent protection for said improvements in all countries, including priority rights granted to patents in foreign countries according to the International Convention of 1883 and all the laws and treaties in force, all without further consideration but at the expense of said assignee, its successors, assigns, nominees or other legal representatives.

The undersigned inventors declare further that all statements made herein of his own knowledge are true and that all statements on information and belief are believed to be true; that he has read this assignment and understands the contents hereof; and, further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
