## ASSIGNMENT OF PATENT APPLICATION

Whereas, We, Ron Bingeman, Charles Francis Palmer, Jr., James T. Tanner, and Calvin M. Wicker, Jr., ("Assignor") have invented certain new and useful improvements in **High Performance, Water-Dilutable Lubricity Additive For Multi-Metal Metalworking Applications** (hereinafter "Invention") for which an application for US patent protection was filed on February 9, 2015, and assigned U.S. Application No. 14/617,917 with claim of priority to U.S. Provisional Appl. No. 61/937,490 filed February 8, 2014.

Whereas, **Ethox Chemicals, LLC**, (hereinafter "Assignee"), of 1801 Perimeter Road, Greenville, SC 29605, a South Carolina corporation, is desirous of acquiring the entire right, title and interest in the Invention;

Now, therefore, in good and valuable consideration, Assignor, by these presents, does sell, assign and transfer unto Assignee exclusive right, title and interest in any and all Letters Patent, which may be granted in the United States or anywhere in the World.

I hereby authorize and request the Commissioner of Patents and Trademarks to issue the entire right, title and interest to any Letters Patent to said Assignee to the full end of any term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.

  
Ron Bingeman
