ASSIGNMENT

WHEREAS, we, Talmadge Kelly Keene, John Tifton Fordham, Louis M. Guzzi and Charles E. Entenmann are the co-inventors of an invention related to Improved Adaptive Devices and Methods for Endoscopic Wound Closures and have filed International Application No. PCT/US2014/056011 therefor.

NOW, THEREFORE, for good and valuable consideration, receipt of which is acknowledged, we have agreed to assign and transfer and do hereby assign and transfer unto Biolife, L.L.C., a Florida limited liability company, having an address of 8163 25th Court East, Sarasota, Florida 34243, and its successors and assigns, the entire right, title and interest in and to said invention and application, and in and to any division, continuation or continuation-in-part of said application, and in and to any and all letters patent and reissues and extensions thereof of the United States of America and countries foreign thereto (including the right to apply for letters patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise) which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by us had this assignment and transfer not been made.

We do further agree to execute and deliver without further consideration any further application, assignments and documents, and to perform such other acts as we lawfully may that may be deemed necessary by Biolife, L.L.C., its successors and

assigns, fully to secure its interest as aforesaid and to obtain or maintain letters patent in any and all countries.
